## TURKS KILL INVADING FORCE

Montenegrin Troops Who Cross  
Turkish Border Are  
Annihilated

Bulgarian Army Starts for  
Point Where Turks Are  
Concentrated

LONDON, Oct. 9.—A Montenegrin force which crossed the Turkish border has been annihilated, according to a dispatch from Constantinople, which declares 4000 Albanian troops have invaded Montenegro.

A Bulgarian army has started for Mustapha Pasha to force the road to Adrianople, where the Turks are concentrated in great strength.

Skirmishes have occurred on the Serbian and Bulgarian frontiers.

**RUPTURE CONFIRMED.**  
LONDON, Oct. 9.—Confirmation of the rupture of diplomatic relations with Turkey, Bulgaria and Serbia has been received in Paris according to a news agency dispatch from that city.

A Bulgarian force is reported to have crossed the Turkish frontier and King Ferdinand is said to be hurrying southward to take command of the allied Balkan troops.

The archives of the Bulgarian legation in Constantinople have been handed over to the care of the Russian embassy there, according to a news dispatch.

The declaration of war by Bulgaria is believed by the same correspondent to be imminent.

**FIGHTING CONTINUES.**  
SALONIKI, Turkey, Oct. 9.—Serious fighting continues between the Turkish and Montenegrin forces on the Montenegrin frontier. Essad Pasha, the Turkish commander, who is marching to relief of Soudari, has passed the river Boyana without encountering opposition.

The Albanians in the frontier district have promised to restrain the Montenegrin troops with the help from the Turkish troops.

**STOPS POLO.**

LOS ANGELES, Oct. 9.—The trouble in the Balkan states will prevent the participation of British players in the polo tournaments planned for Southern California this winter. Walter H. Dupee, a polo player of Los Angeles and Coronado, it became known today, has received a cablegram from Lord Tweedmouth announcing that he and other British players, including Lord Reginold Herbert, Lord Alstair Robert Innes-Ker and Lord Leveson-Gower, who have participated in polo tournaments in California, two winters, would be unable to come this season. All are officers in the British army and Lord Tweedmouth explained in the cablegram, just after they had completed arrangements to sail for America, they received orders to report to their regiments and to hold themselves ready for all eventualities.

**BIG UNITED STATES FORCE.**

SAN JOSE, Oct. 9.—Prince Lazarovich-Hrebeblanovich of Serbia, accompanied by his wife, formerly Miss Eleanor Calhoun of this city, is here today, and he states that he will return to Serbia in about two weeks with a brigade of 6000 men to take part in the war against Turkey. Altogether, he says, a force of about 65,000 Serbians, Bulgarians and Greeks will go from the United States to the Balkans within the next month to take up arms.

**FOREIGN MINISTER CONFIDENT.**

CONSTANTINOPLE, Oct. 9.—The Turkish government awaits events with calm assurance, according to Noradundzhian Efendi, the Ottoman foreign minister. In an interview given to the Associated Press today he said: "We face the future with perfect confidence. I should like to point out, however, that the declaration of war by Montenegrins was made contrary to the practice adopted by all civilized states. It went against the stipulation of The Hague convention of which Montenegro was a signatory."

"In the first place, no attempt was made to seek the good offices of a mediator."

## C. P. TAFT TELLS OF AIDING BROTHER

Wanted Him to Be Under No  
Obligation to Interests

WASHINGTON, Oct. 9.—Charles P. Taft, the president's brother, told the Clapp committee today he attributed \$250,000 to the national campaign in 1908 and that \$150,000 was returned. He also contributed \$40,000 to the Ohio campaign.

"I thought my brother was fitted for the president's campaign for renomination. I wanted him to walk into the White House without obligation to any great interests or corporations. On that basis I was prepared to go the limit."

Taft testified that his contributions to the president's campaign for renomination totaled \$238,052, of which \$123,000 was given to the National Taft Bureau. To the Ohio state campaign \$82,000 was given and \$23,000 went for miscellaneous items.

**HANNA CONTRIBUTED.**  
Dan R. Hanna of Cleveland testified that he gave \$177,000 to Colonel Roosevelt's pre-convention campaign this year.

To the Roosevelt national committee he gave \$200,000; to Walter F. Brown for the Ohio campaign \$50,000, and for state organization in Ohio \$75,000.

WASHINGTON, Oct. 9.—More testimony about the so-called Harriman fund of 1904 and the alleged \$100,000 Standard Oil contribution was developed today before the Clapp committee.

Former Senator Nathan B. Scott of West Virginia testified that the late Cornelius N. Bliss had told him of collecting \$100,000 from the Standard and that when he suggested that Bliss ask the company for more, Bliss told him President Roosevelt had forbidden contributions from that source.

Scott related a conversation he had on the telephone with "the White House" about the New York campaign of 1904 in which "the voice at the White House" told him "that Mr. Harriman was coming."

Judge Robert S. Lovett, chairman of the executive committee of the Harriman railroads, testified that the late E. H. Harriman had told him of a visit to the White House and that President Roosevelt "wanted him to help the national committee raise \$200,000 for the New State committee."

Emore Dover of Spokane, former secretary of the Republican committee, has been directed to bring to Washington any records he may have left in Chicago.

bearing on campaign contributions in 1904 or other years.

Former Senator M. B. Scott of West Virginia, was the first witness today.

"When we got low in funds in October, 1904," he said, "I asked Mr. Bliss if he could not go to 25 Broadway and get some money. He said 'no' that he had already secured a contribution from those people. I asked him how much they had given and he said \$100,000."

The examination of Charles D. Hilles, Republican national chairman, was postponed until tomorrow. Robert S. Lovett, former lieutenant of the late E. H. Harriman, Matthew Hale of Massachusetts and Dan R. Hanna of Ohio, were scheduled to testify today.

Scott said he was in Republican national headquarters in New York, in October, 1904, when a telephone call came "from the White House for Treasurer Bliss or Chairman Cortelyou."

Neither was present. Scott said he talked on the wire.

**VOICE FROM WHITE HOUSE.**  
Scott did not identify the speaker at the White House end of the wire, but referred to him as "the voice from the White House" and "the response from the White House."

"What is this trouble I heard about Higgins?" Senator Scott said he heard over the wire.

"I hear he may be defeated."

He told "The White House" that Mr. Higgins was in danger.

"Can the state committee supply the

## Strikers Begin Riot When Mine Starts Up

Futile Attempt Is Made to Interfere With Former Employees Who Return.

BINGHAM, Utah, Oct. 9.—The Highland Boy mine, owned by the Utah Consolidated Mining Company, began operations this morning. Thirty former employees started to work. Strikers attempted to interfere and a number of them were knocked down by deputy sheriffs in the melee that ensued. None, however, was seriously hurt.

## Boy, 11, Hangs Self, Fearing Punishment

Story Read by Mother Is Inspiration for Son's Suicide.

ST. JOSEPH, Mo., Oct. 9.—Roy Young, aged 11, hanged himself yesterday, fearing punishment. It is believed, because he struck a brother with a knife. Roy's mother last night read him a story of a boy who hanged himself, and this seemed to have made a deep impression on the boy.

## TWELFTH AND WASHINGTON STREET PROPERTY SOLD

The Layman Real Estate Company report the sale of the northeast corner of Twelfth and Washington streets, having a frontage on Washington street of 75 feet and a frontage on Twelfth of 65 feet. The buyers are the Durst Brothers, the large hop growers of Wheatland; Murray H. Durst, Jonathan H. Durst and Ralph H. Durst. The sellers are Abe S. Cohn and Julius Cohn, the well-known theatrical men. The Layman Real Estate Company sold the entire corner, 100x65, in November, last year, for Kahn Realty Co., to Abe S. and Julius Cohn and in less than twelve months they have again sold it to the Durst Brothers. The consideration of this sale was \$400,000, or \$283 a front foot. The Cohn brothers had determined upon the purchase of this property to hold it as a permanent family investment and were only shaken from this firm stand by a very alluring opportunity being presented to them in the theatrical world, in which business they have been highly successful and have been in for the past nine years. Abe S. Cohn will probably leave almost immediately for the east in connection with this proposed theatrical venture, in which venture Oakland will not be overlooked by them.

F. B. Malden and Wm. J. Layman have, for their firm, the Layman Real Estate Company, been instrumental in making these large deals involving directly and indirectly upwards of \$2,000,000. Oakland is to be congratulated upon having two young men with sufficient initiative and ability, as it is in their credit that these large deals have been successfully initiated and concluded.

## Mrs. Eddy's Trust Declared Void

BOSTON, Oct. 9.—A trust, estimated at \$2,000,000, created by the will of Mrs. Mary Baker Eddy, founder of the Christian Science Church, for the benefit of the denomination, was declared void by the Massachusetts Supreme Court today.

## MRS. PHELPS IS ACCUSER OF GUY EDDIE

Charges of Immorality  
Are Levelled at Prosecutor

LOS ANGELES, Oct. 9.—Whether or not Guy Eddie, city prosecutor, framer of dramatic ordinances, and self-styled public purifier, is the victim of a frame-up or is guilty of the sensational charges of immorality levelled at him by a denatured little woman in blue, is a question that was thrown squarely into the courts here yesterday.

All Southern California awaits the answer and a curious public is already gleaming over the prospect that the case may develop into one of the biggest scandals in the state.

## 30,000 SEE GAME CALLED IN ELEVENTH AS DARKNESS FALLS

Mathewson and Meyers Line Up  
for Battle Against Collins-Carrigan

Boston Starts Festivities by Scoring  
Three Runs in First Inning; Governor  
Foss Leads Cheering

FENWAY PARK, Boston, Oct. 9.—The Boston Americans and the New York Nationals battled for 11 innings to a tie score, 6 to 6, today, when the contest was called on account of darkness. The second game will be re-played on the Boston field tomorrow.

The contest was exciting from the first to the last inning. With a lead of three runs' handicap against them, the Giants bitterly contested the Red Sox all the way until they finally caught them and passed them in the eighth inning. Boston rallied strongly and sent a fifth run across the plate, which tied the score. Collins had pitched a good game for the Red Sox until the eighth, when the Giants batted him from the mound.

The Giants garnered a run in the tenth and the home club fans were in despair, when Speaker, by a mighty drive for three bases to the center field seats, followed by an error by Wilson's throw-in, scored the tying run. The eleventh inning was unproductive and darkness ended the game, with each club having six runs apiece.

The National Commission's figures for attendance and receipts at today's game are as follows:

Total attendance, 30,148; total receipts, \$58,369; players' share, \$31,519.26; each club's share, \$10,506.42; National Commission's share, \$5836.90.

The Boston team marched on Fenway Park field to a triumphant welcome from a home crowd. Governor Eugene N. Foss of Massachusetts and Mayor Fitzgerald of Boston led in the cheering.

The New York fans freely took the short end of the offered wagers of 10 to 1 that the Boston team would take the series. The sky became overcast an hour or so before the game and it was a good day for speedy pitching.

The Giants wore their regular traveling uniforms of dark gray with black pencil stripes.

One o'clock found only a few empty spots in the unreserved stands and bleachers, but the main grand stand filled slowly.

The "Royal Rooters," led by a band, marched across the field while the home fans waved flags and took seats in the temporary field stands.

Umpire O'Loughlin took his position behind the plate. Rigler gave decisions on the bases. Klem went to left field and Evans to right field. It was announced that a hit into the left field stand would count as a two-base hit, while hits into other temporary stands would go as home runs.

Mathewson and Meyers were the batteries for New York and Collins and Carrigan for Boston.

**BATTING ORDER.**  
Boston—Hooper, rf.; Yerkes, 2b.; Speaker, cf.; Lewis, 1b.; Gardner, 3b.; Stahl, 1b.; Wagner, ss.; Carrigan, c.

New York—Snodgrass, lf.; Doyle, 2b.; Becker, cf.; Murray, rf.; Merkle, 1b.; Herzog, 3b.; Meyers, c.; Fletcher, ss.; Mathewson, p.

Umpires—Clem, Evans, Rigler and O'Loughlin.

**FIRST INNING.**  
First half The first ball was a strike. Snodgrass drove the second ball pitched into the bleachers for a two-base hit. Doyle struck out. Collins used three wide sweeping curves to turn the New York batter back. Becker went out. Yerkes to Stahl. Yerkes handled Becker's grounder cleverly. Snodgrass on third. Time cleared the field of photographers. The first ball on Murray was a strike and the crowd yelled. Collins threw out Murray at first.

No runs, one hit, no errors.

Second half—Stahl and Wagner

were given an ovation by the crowd. Hooper scratched an infield hit, Mathewson being able only to knock down the ball which he could not recover in time. This started the crowd cheering. Snodgrass' sacrifice fly was thrown being wide. Fletcher dropped Yerkes' line drive and the batter was safe. It was a miserable

**Dreams of Other Days;  
Sallies Forth a la Adam**  
SAN FRANCISCO, Oct. 9.—James Donahoe, an ex-prize fighter who formerly indulged in many futile combats under the name of Dick Randall, dreamed of his former victories in the arena as he lay asleep early this morning. He vividly saw the picture of himself in a bathrobe as though about to step into the prize ring. Instead, he walked forth into the street, hatless, shivering and clad only in the garments mentioned. Patrolman Jurens was walking along Third street when he observed him and promptly took him into custody, charging him with a minor disorder. At the city prison

days this part of the state has ever witnessed. The technical charge against Eddie is "contributing to the delinquency of a minor" and sworn to by Humane Officer McLaughlin, who, assisted by Officers Johnson and Lloyd, smashed down the door to Eddie's office on the night of October 2, when Mrs. Alice Phelps was present, and arrested the prosecutor.

The fact that Eddie is a leader in reform politics and has taken an active part in the Bull Moose game around Los Angeles has divided the city and county into two camps, each of which charges the other with a frame-up.

### CRUSADER HARD HIT.

The arrest came close upon Eddie's latest ordinance directed against the men who make it possible for the demi-monde to exist. In consequence the city administration has been set by the heels. Maintaining that the charge was framed up by certain "interests" for several years, Eddie proclaimed his innocence and his notified Mayor Alexander that he will stick to his job but retire from active prosecuting while the charges are still standing against him.

For the first time, the full details of Mrs. Phelps' story was given to the public when both the city and county before Judge Wilbur and Eddie were granted his plea for a secret hearing. Mayor Alexander, Mrs. Phelps, the wife of the defendant, the police witnesses, and Mrs. Phelps, with court attaches were the only ones permitted to be present in the little jury room.

### STORY OF MRS. PHELPS.

Deputy District Attorney McCartney, who, with Deputy Blair, is prosecuting the case, asked Mrs. Phelps to take the stand. She wore a tailored suit and a chic hat topped by a small head and slender shoulders. Except for occasional slight movements of the hands and a nervous half-smile, she was fairly well at ease. It took nearly an hour for her to tell her story, which has been given in the press so far as such things possibly can be told without offending the innocent public, which is why a censor of morals for the time being.

She told how she came to visit Eddie and how he told her to come back again. The scenes enacted in the private office of the City Prosecutor were narrated from Mrs. Phelps' point of view. The deputy prosecutor stated after the hearing that the young woman proved a good witness, not trying to tell too much, and keeping close to the relation of what she said actually took place between her and the ardent young censor of morals.

## WILL PAY TRIBUTE TO HEITMULLER

SAN FRANCISCO, Oct. 9.—The funeral of W. F. Heitmueller, right leader for the Los Angeles team, will be held from the family residence, 1602 Geary street, on Friday. The services will take place at St. Paul's German Lutheran church, and the last rites will be performed by the Rev. A. G. Bernthal. The Heitmueller family is a member, will be in attendance, as will many of the friends of the deceased.

The body arrived here from Los Angeles at 9:30 this morning and was taken to the Geary street home.

third party in order to find a means of avoiding a conflict. "Secondly, the declaration of war did not set forth any real or tangible cause for war. "Thirdly, Montenegro opened hostilities without granting the usual preliminary delay and actually before the declaration of war was presented to the Porte."

The Turkish government has decided to make a selection from among the Greek vessels detained in Turkish ports and will hold those best suited for military telegraph purposes and release the others.

### IN PRISON FOR CONSPIRACY.

SEATTLE, Oct. 9.—Colonel John Voucotich, formerly an officer in the Greek army, who says he was evicted because he favored a democratic form of government, was the center of interest last night in the Greek coffee house. Colonel Voucotich, who is a nephew of Queen Milina of Montenegro, said his royal uncle, King Nicholas, caused him to be imprisoned three years for political conspiracy, and at the end of his term banished him from the country. He is anxious to return to his native land and take up arms against the Turks. Greek leaders say 2000 men in Seattle are ready to go to the front.

### LAUNDRY WORKER HURT.

SAN FRANCISCO, Oct. 9.—Mrs. Lucia Grovich of 670 Madrid street was painfully hurt this morning while working with some machinery in Galun's laundry on Eighth street. The young woman had just started the machine when she found in some manner became caught and was severely crushed and burned. She was removed for treatment to the Central Emergency hospital.

The young man gave a clear account, say the men in charge of the State's side of the investigation. Naturally the gist of her story will never be printed, even if there is no public censor about the case positively that she will not be 21 until the last of this month; that she had no idea what would happen when she found herself with a view of obtaining employment.

### HIS HONOR GASP.

According to some of the lawyers present she made the aged mayor gasp when she told of lucid intervals in the visits when conversation was suspended and the alleged crime was committed. It is stated she did not deny her partial willingness, but some of those who heard her declared later that her story, apart from other evidence, convinced them of the truth of the accusation that the city official violated the law framed to protect women under age.

The last visit, which was made at the suggestion of the Humane Society's officers in order to catch the culprit, caused the witness much embarrassment. It was a trying ordeal for the woman to tell her experiences to an audience of a score of men. According to Deputy District Attorney McCartney, Mrs. Phelps never wavered from her story.

The cross-examination was even more trying, though Attorney Rogers only devoted half an hour to inquiring into her story.

The session ended temporarily, to be resumed Thursday morning, also in secret hearing.

error by Fletcher. Speaker beat out a bunt and the bases were filled, with none out. The crowd broke into a wild cheer. Mathewson put the first second ball pitched was a strike also. Hooper was forced out at the plate on Lewis' grounder to Herzog, who threw to Meyers. One out. Yerkes scored on an infield out of Gardner. The play was Mathewson to Doyle to Merkle, the ball bounding off Mathewson's hand, thereby giving the pitcher an assist. Lewis and Speaker scored on Stahl's drive to left. Wagner went out on a high fly to Doyle. Three runs, three hits, one error.

### SECOND INNING.

First half—The stands were simply mad with excitement after the Boston's left the field. Herzog knocked a three-bagger to right center. Merkle fanned on the first three balls pitched. Gardner in the box, Gardner rubbed his head and seemed pretty badly shaken up, but continued to play. Fletcher sent up a fly to Hooper and was out. Mathewson was given an out when he went to the bat. Meyers was out when Yerkes took Mathewson's grounder and threw to Wagner.

One run, two hits, no errors.

Second half—Carrigan went out. Herzog to Merkle. Doyle made a brilliant play when he took "Collins' grounder and threw him out at first. Hooper doubled to right. Yerkes was out. Fletcher to Merkle.

No runs, one hit, no errors.

### THIRD INNING.

First half—Snodgrass flied out to Hooper. Collins used a fancy breaking curve over the corners of the plate, his drop ball being very effective. Doyle was out on a foul to Gardner. Becker went out, Wagner to Stahl.

Second half—Merkle flied out and went out to Merkle. Unassisted. Merkle knocked down the drive which was labeled for a two-base hit. Lewis sent up a high one to Murphy and a strike out. The crowd dropped the plate. He declared later that her story, apart from other evidence, convinced them of the truth of the accusation that the city official violated the law framed to protect women under age.

The last visit, which was made at the suggestion of the Humane Society's officers in order to catch the culprit, caused the witness much embarrassment. ### DISTINCT ADVANTAGE.

The Red Sox went into today's game with a distinct advantage over their New York opponents, gained in their stirring victory in the first game of the series played in New York yesterday. This advantage came not only from the lead of one game, but also from the great moral support resulting from their hard-fought victory in the initial test. Weather conditions for the second game were almost as good as those which prevailed yesterday. The day opened fair, with a few clouds. The air was crisp and cool.

From their position under the shelter of the fence at Fenway park, where they had been waiting all night, more than 400 baseball enthusiasts saw the sun rise over the Back Bay fence. Their object was to secure a single admission each to the bleachers—all that would be allowed them—at \$1 a ticket.

### NIGHT OF INTEREST.

The night on the ticket line was one of interest. It was too cold to sleep and those in line could not walk to keep warm lest they lose their places. Bonfires were lighted and a few gathered about them and dozed. One man lost his false teeth while he slept and was looking for them at daylight. Another slept on his crutch and broke it and was forced to hobble about on the shortened staff.

The train on which the players came over from New York did not arrive in Boston until after 10 o'clock, the train being delayed two hours by a wreck. All breakfast late and did not try to reach Fenway park much before noon.

### IN GOOD SHAPE.

The players entered today's game in much better mental condition than they did yesterday. All reported to Manager McGraw and Manager Stahl this morning that they were in good shape. Wagner was a happy captain.

"We got the jump on them and we can do it again. Tesreau, 'Matty' or Marquard—it will be the same. The boys can hit anybody McGraw sends along. Watch us today."

Joe Wood was in a world of view. Many of the men will attend the world's series games played in this city and on the odd days will watch the progress of the contests from bulletin boards which have been erected on the deck of each ship. Play by play reports of the games are received by wireless by the league's Connecticut and are passed down the line.

### MEN IN FLEET EAGER.

NEW YORK, Oct. 9.—There are few more eager baseball fans than the officers and men of the Atlantic fleet which is anchored in the Hudson river in preparation for the big naval review. Many of the men will attend the world's series games played in this city and on the odd days will watch the progress of the contests from bulletin boards which have been erected on the deck of each ship. Play by play reports of the games are received by wireless by the league's Connecticut and are passed down the line.

### EXPECT CLOSE STRUGGLE.

ST. LOUIS, Oct. 9.—The St. Louis Nationals and St. Louis Americans met this afternoon in the first of a series of seven games for the city championship. The National league team is the favorite, but the return of Wallace to shortstop on the American league team and report that Brennan would not catch for the Cardinals indicated a closer struggle than had been expected.

### NOT LIKE ENGLAND.

NEW YORK, Oct. 9.—The excitement here over baseball is after all just what we have in London over a big soccer match, said Sir John. "But I find a difference between the way people go in for sport here and in England. Over here you make more of a business of your sports. For instance, in baseball all your players are professionals who are paid salaries to work at baseball, not to play it."

## Lillian Russell Says:

"Nothing is more important to the woman who would be beautiful than her smile, and nothing is more necessary to her smile than pretty teeth, whether they be her own or the dentist's."

No woman nowadays can excuse a mouthful of unsightly teeth. If you can't show sound white teeth when you smile, then it would be better not to smile. Bad teeth will make any woman repulsive.

It doesn't matter how far gone your teeth may be, I can transform them into glistening "rows of pearls"—and without causing you the least bit of pain. My new Terrythia method enables me to perform dental work that would be impossible under the old, painful system.

I remove broken and imperfect fillings from the most sensitive teeth with absolute ease and comfort to the patient. I crown, fill, treat and extract teeth, cure pyorrhea and take out live nerves when necessary with an entire absence of pain. Terrythia has made all operations in dentistry positively "harmless."

Can you appreciate what this means? No more torture in the dental chair, no nervous strain, no wasted energy, and nothing whatever to dread. Your reason will tell you that a dentist can do better and with less skillful work when there is no pain to contend with. That's why I can accomplish things that other dentists would not dare attempt.

You will never know what a blessing my Terrythia method is until you experience it. I'm anxious to prove to you that I do exactly what I advertise.

Read this evidence:

"Dear Dr. Terry:

"I wish to most heartily recommend your wonderful new method of painless dentistry. Having an extremely sensitive nerve in a large cavity, it was excavated without a particle of pain to me by means of your remarkable Terrythia."

"I will be glad to verify this to anyone. Very truly yours,

"MRS. E. I. GRAVES,

"89 Cumberland st., San Francisco."

Many women would look ten years younger if their mouths were equipped with Rex Alveolar Teeth, instead of ill-fitting partial plates or bridge-work. The unnatural appearance of a plate is bad enough, but the fakes that result from its use are worse.

Rex Alveolar Teeth restore the natural contour of the face because they are constructed almost like real teeth. In fact, you could never tell that they were artificial from the way they look and feel. Once in the mouth they are there to stay, and they never become loose. Each tooth carries its share of the strain.

If you have two or more teeth in your jaws I can replace all the missing ones by this method without using plates of any kind.

Come and let me show you what I can do for you. It won't cost you a cent to investigate my methods. I'll be glad to examine your teeth and give you an estimate on any dental work free of charge.

If you cannot call soon send for my free book, which tells of my Terrythia and Alveolar methods.

Hours: 8:30 to 5:30; Sundays, 10 to 12.

## The Oldest Blood Disease

The most ancient history furnishes evidence that mankind suffered with Contagious Blood Poison. The disease has come down through all the ages and is to-day, as it has ever been, a scourge and blight upon humanity. The symptoms of Contagious Blood Poison are the same as in its earliest history, but its cure has now become an accomplished fact. S. S. S. is an antidote for the virus of Contagious Blood Poison, and cures it in all its forms and stages. A person who has been cured of Contagious Blood Poison by the use of S. S. S. need not fear a return of its symptoms at any future time. This great medicine checks the progress of the poison and gradually but surely all sores and eruptions heal, ulcerated mouth and throat pass away, the hair stops falling out, copper-colored spots fade away, and when the blood is thoroughly purified no sign of the disease is left. Home Treatment Book and any medical advice free to all who write.

## BLUNDER PUTS PIEDMONT UNDER HEAVY TAX DEBT

### Thirty Per Cent Cut by Town Board Made by the County

Piedmont is peeved; somebody blundered and the mistake was not discovered until too late. Taken at its own value, in dollars and cents, the aldermen in the hills which is dominated by Mayor Hugh Craig and his board of directors will now have to make good to the county upon its representations.

When the Board of Supervisors commenced to fix the tax rate for the county last July, the aldermen of Piedmont were called upon to furnish what information they could as to property values there. They submitted their figures showing that there had been an increase from \$2,542,000 last year to \$2,676,625, and as a result the tax rate was fixed at an advance of practically 50 per cent. Later the town fathers reduced the valuation for their own benefit by 30 per cent, but they overlooked the figures they had submitted to the Board of Equalization until last night, when THE TRIBUNE published the report of County Auditor Garrison, giving the total assessed valuation, together with special taxes, upon his turning the rolls over to the tax collector.

This morning Mayor Craig appeared before the Board of Supervisors, declaring that the tax rate as fixed for Piedmont was a "glaring inconsistency," and wanted to know if there was some way in which the taxpayers of the county district could not receive some alleviation. He suggested that they might be able to get a 40 per cent rebate on their tax bills.

NO HOPE THIS YEAR.  
Deputy District Attorney Leon Clark, who advises the supervisors on legal points, told the petitioners that as the Board of Equalization had adjourned and the rolls turned over to the tax collector, nothing could be done at this time. He said that the law would not permit of a rebate.

"Well, give the newspapers a copy of this communication and I would like also that it be placed on file by the board,"

said Craig in letting the matter drop.

His communication over which the argument ensued was in part as follows, and is self-explanatory:

## UNDER HEAVY BURDEN.

"We note upon that record that the roll for Piedmont was turned over showing taxes to be collected from 1100 acres of \$2,676,625."

"Before the assessment roll was turned over to you by the assessor, we drew the attention of his office to the fact that last year Piedmont was assessed for county purposes at \$2,542,000, and this year we are assessed for county purposes at \$2,676,625, an increase of 5 per cent; whereas round about us the city of Oakland has been increased to the extent of only 17 per cent, Berkeley 8 per cent only, Alameda 4 per cent only."

"No notice was taken of these discrepancies by the assessor's office, and now that the rolls have been turned over to the tax collector we ask you to take the matter up with your usual care and, for the reasons above and following, request the tax collector to make a rebate on all the bills for Piedmont of say 40 per cent, to bring us into line with the surrounding territory for county purposes."

"If you will take the population of these several cities, you will find that, taking the values as fixed by the county, Oakland represents per capita \$48.48, Alameda \$625, Berkeley \$756 and Piedmont nearly four times as much. Each of them is assessed at the rate of \$238 per capita."

"We are an infinitesimal part of the county, but out of the \$23,500,000 increase in the county with a population of 250,000, Piedmont, with a population of only 2000, is asked to contribute one-fifth of the increase in value of the entire county. The discrimination against Piedmont is so outrageous that we are sure that the county board will see to the fact to have the correction made ere it is too late. In the tax collector's office."

ALAMEDA, Oct. 9.—The

lighthouse keeper at Sambre reported by wireless last night that he saw a large ship on fire west of Sambre. An hour afterward he sent a message that the ship had sunk, having in its cargo a large quantity of dynamite. The keeper of the lighthouse could give no further details. He thought the ship was a large one. The government agent sent the steamer Aberdeen out to report and render assistance if possible.

It is thought the crew of the burning ship escaped either in their own boats or were rescued by some of the fishing fleet in the vicinity.

In reply to your recent date inquiring how I like your new invention of inserting teeth without plates, I would say that I have not any idea of buying them back "they are not for sale." No, not if you would replace them with the ones I had 30 years ago, for these never ache nor need filling. I have never had any trouble with them, and I have tried every kind of trouble until I met you when you first came here from Washington, D. C., and New York. Am recommending to all my patients and friends who have dyspepsia. The only interest I have in giving this testimonial is that when I get a good thing I like others to get a bit of it.

ALAMEDA, Oct. 9.—Detectives La Place and McGrath brand as a "fake" the alleged holdup of car No. 2 of the San Mateo at line at Aqua in the adjoining county at about 10 o'clock yesterday morning. John Gray, the motorist, reported that he had been fired on twice by a holdup man and had returned the shots, frightening the bandit off. Aqua is located a mile north of Elston on the Santa Fe line, where the motorist, Kilkirk of San Mateo was shot a month ago. Following the report yesterday, Detective Dowd of the United Railroads, hurried to the scene in a special car and made an unsuccessful search of the neighborhood.

"The holdup man had to have had a ladder to look through that car window," declared Detective La Place this morning. "The shots ranged downward. Moreover, there were marks of powder on the blinds and I am positive that the shots were fired from the car. Motorist Gray says he fired but twice, but his revolver shows that it was discharged four times. I do not believe that any holdup occurred."

GETS 6 MONTHS FOR BEATING HIS WIFE

SAN FRANCISCO, Oct. 9.—Angus MacDonnell, civil service employe who resides at 1452 Divisadero street, amused himself by beating his wife, Mary, according to testimony submitted this morning, and by way of variation occasionally attacks his sister-in-law.

The latter returned home last night to find her husband in bed with a black eye and a cut lip which had taken six stitches to completely brought about MacDonnell's arrest.

The court gave him six months in the county jail.

## GOVERNOR HARMON IS HONORED GUEST

### With Distinguished Party He Arrives in San Francisco.

SAN FRANCISCO, Oct. 9.—Governor Judson Harmon and the entire Ohio delegation, who were to arrive here last night, reached the ferry at 8:30 o'clock this morning and were welcomed by a committee from the Panama-Pacific Exposition Company, who escorted the party to the St. Francis Hotel. The representatives of the 1915 fair included William T. Sesson, chairman of the reception committee; Lieutenant Commander David Feltus and Joseph M. Cumming, secretary to President Moore. Following a conference with these officials Governor Harmon and his party were welcomed at 9:30 o'clock by Mayor Rolph and Major General Murray. The balance of the morning was spent in a return of the official visit and shortly before noon the party visited the exposition building and plans for the selection of a site for the Ohio state exhibit on the fair grounds were discussed.

Luncheon was tendered the visitors by the San Francisco Commercial Club and following the lunch the party boarded the U. S. tug Slocum and journeyed to Yerba Buena Island, where the Naval Training School was reviewed and the bluejackets drilled under the command of Captain C. A. Gove.

TRAIN IS LATE.

Owing to the fact that the train bearing the governor was five hours late last night, it was decided that the delegates should remain on their Pullman until today.

The governor's party is composed of the following: General superintendent of the Pennsylvania railroad lines, Columbus; Hon. John Uri Lloyd, author and chemist, of Cincinnati; F. E. Meyers, pump manufacturer, of Ashland; Brigadier General Charles C. Woodcock, adjutant general, Ohio; Colonel H. G. Catrow, Dayton; Lieutenant Colonel Joseph A. Hall, Cincinnati; Major George Wood, Dayton; Major J. W. Smith, Ottawa; Captain Purkin Montgomery, Columbus; Captain L. Quiesner, Cleveland; Captain Gilson D. Light, Toledo; Captain Van A. Snider, Lancaster; Captain Charles H. Huston, Mansfield; Mrs. Judson Harmon and Mrs. E. W. Wright, the governor's daughter.

## STATE UNIVERSITY SECOND LARGEST

### More Than 7000 Students Are Enrolled, Report of Regents.

SAN FRANCISCO, Oct. 9.—At a meeting of the Board of Regents of the University of California yesterday, reports of the various members were read and faculty appointments made, besides the other routine business attended to. The meeting was presided over by Lieutenant Governor Wallace.

According to one of the reports read yesterday, the university now has an enrollment of 7289 students and is the second largest university in the United States, the other being Columbia. The building of an addition to the students' infirmary on the university campus was authorized, owing to the increased number of students.

The annex to the chemistry department, it was reported, had been completed at a cost of \$7533.40, which amount is but \$2.40 above the sum appropriated for its construction.

The following faculty appointments were recommended and accepted:

Lester Charles Uren, appointed assistant mining and mechanical draftsman in the department of mining, with salary at the rate of \$1500 per annum, beginning September 15, 1912; the \$1400 appropriation in the budget being sufficient in view of the date of the appointment.

Miss Violet Richardson, appointed assistant in physical culture, with salary at the rate of \$400 per month for the period of September 1, 1912, to May 1, 1913; this item being chargeable to the special appropriation for extra assistance in the teaching staff.

Howard Christie Naffziger, B. S. 1907, and M. D. 1909, University of California, appointed assistant in surgery.

RESIGNATION ACCEPTED.

The resignation of Drs. W. F. Beerman, D. W. Montgomery and W. L. Bell accepted as to date July 1, 1912.

The title of Dr. W. P. Willard be changed from instructor in urology to instructor in surgery.

Walter Athlone English, B. S. College of Commerce, 1910, and William Henry Ellison, A. B. Randolph Macon College, 1904, appointed university fellows in anthropology and history, respectively, for the academic year 1912-1913, these appointments filling the vacancies caused by the resignations of Miss Anne Eugenia Hughes, university fellow in German and Spanish, and William Edward Dunn, university fellow in history, remuneration at the rate stipulated for university fellowships, \$400 per annum.

Perham Nahl appointed assistant in drawing with salary at the rate of \$500 per annum from July 1, 1912; this remuneration to be paid from the special appropriation for extra assistance in the teaching staff.

Clayton J. Wright, B. S. college of agriculture, University of California, 1912, appointed assistant in botany and horticulture at the farm school of a salary of \$30 per month for ten months, from September 1, 1912.

Dr. John F. Gelger appointed in the state hygiene laboratory, without salary. The matter of changing the name of the "department of jurisprudence" of the university to "school of jurisprudence" was referred to the legal committee of the board of regents for consideration.

The fear that legal tangles might arise from a change of name under the present appropriation act of the legislature, which provides for "department of jurisprudence salaries," was the only objection in the chance presented in the board discussion.

PORTLAND MAN IS KILLED IN RANCE

### Body of Educator Is Found on Railroad Tracks Near Abbeville.

PARIS, Oct. 9.—The body of H. F. Rodney, of 616 Williams avenue, Portland, Or., was found on the railroad tracks near Abbeville, in the department of Somme, on September 29, according to an official notification sent yesterday to the American consulate-general. It is believed that Rodney fell from a train in motion.

The man first made his appearance at 840 Jackson street, where he inquired of Mrs. R. E. Hoffman if he might sleep in the house at 628 Jackson street, controlled by her. She refused his request but, undaunted, he went to number 624 and informed Miss Lillie Smith, who answered his ring, that Mrs. Hoffman had said he might have a room. Miss Smith summoned Mrs. Hoffman, who, at sight of the intruder, called Patrolmen Walsh and Skelly. Their search of the house revealed the fact that a man had jumped from a window, and they were still looking for him when Mrs. Hoffman, having returned to her own home, was about to retire. As she extinguished the light her visitor of a half-hour previous jumped through the window into the apartment. She screamed and he seized a bunch of keys, the only article on the bureau, and ran out through the door and escaped.

WASHINGTON, Oct. 9.—The fur sealing season in the Bering sea has closed with the smallest killing of seals in many years and a total absence of pelagic sealing, according to reports to the department of commerce and labor.

The result, it is declared, has been a considerable increase in the number of seals which were threatened with extinction by the wanton slaughter of pelagic seals.

The total number killed off the Bering islands during the season, was 3764, considerably less than the average. These were killed by American government agents and the skins will be sold in London in January, the proceeds to be distributed among the United States, Great Britain and Japan, in accordance with the terms of the treaty signed by those powers for the preservation of the seal herds.

Secretary of the Treasury MacVeagh today terminated the revenue cutter patrol in the Bering sea, ordering the Manning to Astoria, the Tacoma to Port Townsend and the Mculloch to San Francisco.

PLUCKY WOMAN ROUTS EARLY MORNING THIEF

SAN FRANCISCO, Oct. 9.—Miss Bertha Knapp, who resides at 774 Bush street, was awakened at 4 o'clock this morning by the noise made by a masked burglar who was endeavoring to make his way into her room. The young woman is a light sleeper and before the intruder had had an opportunity to raise the sash she had jumped up and was running toward him. Her first thought was to awaken her father and mother, who occupied the adjoining bedroom, but instead she screamed, warning the man that he would be captured if he made an attempt to enter.

She turned on the lights and alarmed the thief, who slid down the fire escape and dropped to the ground. Miss Knapp then telephoned to the clerk of the apartment house, who summoned Detective Mackey. The officer searched the neighborhood but failed to find the culprit. The Knapp apartments are on the fifth floor and it is believed that the burglar reached the fire escape through one of the other rooms.

SAN LEANDRO PLANS TO SUPPORT HAYWARD

SAN LEANDRO, Oct. 9.—Business men of this place are preparing to support Hayward in the fight that town is waging over the Oakland Traction Company's lines between Hayward and Oakland. A committee has been appointed by the Hayward Chamber of Commerce to take the matter up with officials of the traction company and it is planned to name several business men from this place to serve on that body.

In addition to the reduction of fares a complaint will be filed with the company regarding the poor ventilation of the cars used on the East Fourteenth street line. It is more than likely that the matter will be discussed before the directors of the local chamber of commerce with the view of getting that body to back the movement.

### Cold Weather Coats for Girls

Ages 6 to 14 Years

# \$7.50 to \$15

REMARKABLY COMPLETE and exceptionally dressy is a line of girls' coats with button-to-the-chin velvet collars, which we are now displaying in our windows.

These coats offset the objection sometimes raised against our convertible collar coats, that they are not sufficiently dressy. The velvet collar and the close-buttoning effect add a touch of primness not found in coats of the other type.

Greys, tans, browns, blues, black and white checks, herringbones and diagonals are all fully represented in this line.

## Ladies' Overcoats

### Convertible Collars

Sizes 34 to 40

# \$10 to \$50

The most extensive assortment of mannish coats is now being shown in all the popular Fall fabrics and in every conceivable shade of the most popular colors. Warm winter weights in full-length coats.

## Ladies' Sweaters

### \$5 to \$12

The assortment includes V-neck and button-to-the-chin collars; three-quarter and hip lengths; Norfolk coats and box back styles; red, white, brown, navy and gray.

## Girls' Sweaters

### \$2.50 to \$6.50

The same variety of styles and colors as offered in our Ladies' Section. Splendid garments for school wear during the coming cold weather.

## PULL OUT A HAIR

The Way to Tell Whether or Not Your Hair Is Diseased

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Society-eighty per cent of the people need a hair tonic. You can make a test yourself that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment if its loss were to be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try our Rexall Hair Tonic. We guarantee that it will not cost anything if it does not give satisfactory results. Rexall "92" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, lighten the hair already in the head, grow new hair and eradicate baldness.

Out of 100 cases where it was given a thorough, conscientious test, it grew hair on 82 heads, which shows the sufficient proof that Rexall "92" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at our risk.

Rexall "92" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50c and \$1.00. Remember, you can obtain Rexall Remedies only at The Old Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

## ROBBER ESCAPES IN HAIL OF SHOTS

Pajama Clad Citizens Aid the Police in Chase After Man.

SAN FRANCISCO, Oct. 9.—The firing of a fusillade by two patrolmen at a night prowler aroused the thickly populated apartment house district bounded by Rush, Sacramento, Leavenworth and Hyde streets at 3 o'clock this morning, but despite the violence of the police and the co-operation of numerous pajama-clad citizens, the man made his escape.

Policeman Bortfeldt was standing in a doorway on Leavenworth street when he saw a man acting suspiciously in a vacant lot nearby. He approached and demanded him to halt. Instead of complying, the other turned and ran, soon outdistancing the officer.

Bortfeldt fired a shot in the air, afterward sending two bullets at the form of the fugitive but failed to hit him. The chase led to Hyde street, to Sacramento street, and then into a blind alley, where the patrolman lost sight of him.

He was searching around when he heard a half-dozen shots a short distance off and came upon Policeman Trainor, who had also caught sight of the prowler and who, with several citizens, were trying to corner him. The chase proved fruitless, however, but it is the belief of the police that the culprit had just perpetrated a burglary or holdup.

## OAKLANDER DIES OF OLD INJURY

Frank E. Blanchfield Passes Away at Fabiola Hospital.

As the result of an old injury received two years ago, Frank E. Blanchfield, manager for the American Ever-Ready Auto Supplies Company of this city, died Monday in the Fabiola Hospital. Blanchfield was only 27 years of age, and enjoyed a wide acquaintanceship throughout the north and southwest, having been identified with the team for many years prior to entering the auto supply business. Blanchfield, with his brother, C. O. D. Blanchfield, conducted the affairs of the Blanchfield Publishing Company.

The family home is at 448 Sixty-second street. Surviving the young business man are a widow, mother, sister and brother. Funeral services will be held tomorrow morning from an undertaking parlor at 2484 Telegraph avenue. Interment will be private.

## OAKLAND PRIZE DOG TO BE ENTERED AT SHOW IN S. F.

MRS. G. L. CLAYTON AND TAMAZULA TINY, THE PRIZE WINNING TOY POODLE.

Oakland is to be well represented in the toy dog show to be held in San Francisco at the St. Francis hotel ball room tomorrow morning. Among the local entries will be Tamazula Tiny, owned by Mrs. George L. Clayton. Tamazula Tiny is rated one of the greatest toy poodles in the world, having been entered in all important shows and having never been beaten for style, beauty and breed.

## REPORTS ARE READ TO GRAND LODGE

Minor Committees Tell of the Work at Meeting in Los Angeles.

LOS ANGELES, Oct. 9.—Today's session of the California Grand Lodge of Masons was perfunctory, reports of minor committees being received, and arrangements made for the opening session of Pasadena. The most important committee report was that dealing with the raising of \$52,000 to be used as payments on the temple in San Francisco, which is to be dedicated May 1 next. The San Gabriel Masonic Home was voted \$5000. After adjournment at noon, the members of the Grand Lodge and their friends took automobiles for Pasadena, where the afternoon was spent as guests of the Crown City Masons.

Discussion of a proposed million-dollar endowment fund to care for the several Masonic institutions in the State was the chief feature of the opening session yesterday of the Sixty-third Annual Communication California Grand Lodge, F. and A. M. The matter was referred to a committee.

Masonic institutions in California are now maintained by means of a per capita tax, and this will be abandoned should the new plan prevail. The session was given over largely to the annual reports of committees.

The afternoon was devoted to pleasure seeking, the delegates and their wives going to the Santa Monica bay beaches, where they were well entertained.

## WEINSTOCK AT CONFERENCE

SAN FRANCISCO, Oct. 9.—The Francisco Chamber of Commerce, which has gone on record as favoring, under proper regulation, the admittance of automobiles to Yosemite National park, will be represented by Colonel Harris Weinstock at a conference on that subject which will be held in the park beginning October 14, under the direction of the secretary of the interior.

## PICK COMMITTEES FOR POLICE BALL

Further Names Added to List of Those Who Will Manage Big Affair.

Additional committees to have charge of the formal features of the annual benefit ball for the widows and orphans of the Oakland police department were announced by Captain J. P. Lynch, general chairman, today. The ball will be held a week from tonight in Piedmont pavilion, and will be one of the most brilliant affairs of the kind ever held in Oakland.

The annual dance is held under the auspices of the Widows and Orphans' Aid Association of the Oakland police department. This will be the last time that the ball will be held in a private hall, as the police plan to use the new municipal auditorium a year from the present event.

The additional committees announced by Captain Lynch follow:

## REAL ESTATE MEN READY FOR TRIP TO LOS ANGELES

H.G. MARTIN R.S. HENRY

OAKLAND REAL ESTATE MEN WHO WILL BE AMONG THOSE WHO JOURNEY TO LOS ANGELES.

The delegation of real estate men which leaves late today in the three Pullman coaches for Los Angeles is in many respects one of the largest and most important events in recent years in Oakland. Secretary C. Fred Burkes reports that there will be at least one real estate man aboard the special train for every real estate office on Broadway.

With banners, pennants and badges, the Oakland delegates will get for their city one of the best boosts imaginable.

Oakland's real estate association is entitled to five voting delegates on the floor of the convention, and at a meeting of the association held last Monday those selected to cast the Oakland ballots were Ralph L. Kaiser, William J. Layman, O. E. Hille, J. Hay Smith and P. W. Morehouse. The following alternates were also elected: S. H. Masters, R. A. Mitchell, J. M. Salinger, Lou H. Sieber and C. Fred Burkes.

The ball team, made up from the local membership, had a practice game at Freeman's Park yesterday, and it is believed that one of the fastest teams that could possibly be secured in the bay district will go to the convention city and win the first annual ball game of the California State Realty Federation.

As determined upon, the team is as follows: Rickabaugh of the Realty Syndicate, captain and short stop; E. B. Calderwood of the Realty Bonds and Finance Co., catcher; C. Zamlock, Salinger's office, pitcher; H. G. Martin of McKenry and Kaiser's, first base; Mark Anthony, second base; Floyd M. Lane of Layman's Real Estate Co., third base; C. Everson of Salinger's office, left field; R. M. Kittrell of the Realty Bonds and Finance Co., center field; E. C. Bridgman of J. H. MacDonald's office, right field, and P. W. Morehouse of the Realty Syndicate.

Too much credit cannot be given to the committee, composed of S. H. Masters, Ralph L. Kaiser, P. W. Morehouse, Russell McKenry, for the services they rendered in bringing together such a large delegation. A total of 54 tickets had been sold up to noon today, and it is believed that at least 60 people will be aboard the special at First and Broadway, at 6:55 tonight.

## ACCUSED MURDERER SANE, RULES EXPERT

STOCKTON, Oct. 9.—Dr. A. W. Herschler, introduced Mrs. Bette Gray, a defendant in the trial of Frank Thomas, who shot and killed Otto Mueller near French Camp June 8 following a quarrel. His testimony favored the prosecution and repudiated the theory of the defense that Thomas was suffering from epileptic insanity when he shot Mueller.

In substantiation of its theory the defense recently introduced Mrs. Bette Gray, a defendant, who stated that while the defendant was boarding at her home he told her the poem "Don Juan" from a volume of Byron's works, explaining that it was unfit for her children to read. At another time, it was stated, he took several small children to a moving picture show and deserted them, never afterward explaining his singular conduct. Dr. Herschler declared that neither of these indications that Thomas was suffering from epilepsy.

## OWLS AND FRIENDS AT THEATER PARTY

Oakland Nest, No. 1007, Order of Owls, entertained a large number of friends Monday evening at a theater party at the Fantomes. Many Owls were present from nests in Berkeley, and the affair proved a great success. The next smoker of the organization will be held Monday evening, October 21.

## WILSON'S PART IN RECALL IS SHOWN

Berkeley's Socialistic Mayor Was Active in Starting Movement.

That J. Stitt Wilson, the Socialist mayor of Berkeley, took an active part in the attempted recall of the Mott administration of Oakland is being denied by some of his supporters but the following article, taken from the Oakland Examiner of Monday, March 11, shows that Wilson not only appeared against the Mott administration, but was bitter in his attack:

MOTT'S RECALL WITH ALL OF HIS AIDS PLANNED.

Socialist Meeting Launches Campaign To Oust Mayor and the Entire City Council.

"FREE SPEECH" THE ISSUE. Mayor of Berkeley Leads Bitter Denunciation of Attempt to Prevent Street Talking.

Petitions for the recall of Mayor Mott and the entire city administration of Oakland will be circulated in Oakland today.

Resolutions having for their purpose the ousting of the whole Mott regime were adopted at a meeting of the Socialists of Oakland, Alameda and Berkeley last night in Rice's hall, Oakland. Seven reasons are given in the resolutions as to why the mayor and his subordinates should be recalled.

BITTER ATTACKS MADE. Selig Schulberg, representing the Socialists of San Francisco and the San Francisco Labor Council; J. Stitt Wilson, mayor of Berkeley, and the Socialists of Oakland were bitter in their attacks on the Mott administration.

Mayor Wilson said that there was no doubt that the recall campaign instituted by the Socialists would triumph. "It is outrageous that a city should so far forget herself as to permit such attacks as those of last Sunday night," declared the mayor of Berkeley. "The constitution has given us the right of free speech and free assembly, and the authorities of Oakland in attempting to abrogate that right can never prevail."

FIGHT FOR FREE SPEECH. Schulberg was equally strong in his denunciation. He declared that the fight would be won on the free speech question.

Mayor Wilson tilted at the Mott administration when he said that the accusation regarding free speech should have been given more prominence and declared that it was of such great importance that it would stand out wherever placed.

The Berkeley mayor ended his talk by pledging his support to the movement to recall the Mott administration.

## CHINESE DOCTORS ARE PLACED UNDER ARREST

On evidence gathered by agents of the State Board of Medical Examiners, the police made two more arrests this morning, Jang Wai, 801 Clay street, and Wong Shun Min, Chinese herb doctors, being taken into custody for practicing medicine without a license. The cases will be before Judges Smith and Samuels next Tuesday when the Chinese will be given an opportunity to plead. Six arrests on similar charges have preceded these in the crusade being conducted by the state board.

## GRANT INCREASE IN POUNDMEN'S SALARIES

Increase in the salaries of employees of the city pound, Alex. J. Zabel, Frank Perry, Joseph Perry and C. F. Atkins, from \$75 to \$80 per month, was granted by the city council this morning, on the joint recommendation of Commissioner Fred C. Turner and John Forrest. The assistant poundmen petitioned for a raise several weeks ago.

## YOUR HAIR IS FLUFFY, BEAUTIFUL AND LUSTROUS IN A FEW MOMENTS

Girls! Get a 25-Cent Bottle of "Danderine" and Try This; Also Stops Falling Hair; Destroys Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides the beautifying the hair at

once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Danderine from any drug or toilet counter, and just try it.

## DANGEROUS CURVE TO BE ELIMINATED

Work on Western Waterfront Rushed by Southern Pacific.

Under the spell of pile drivers and gangs of workmen the filled-in cutoff of the Southern Pacific system on the western waterfront, which is to mark the elimination of "death curve," is being rapidly completed.

The earth to be used in filling in will be brought from Grant, where a steam shovel is now stationed. The last reason for delay will probably be removed Monday when the suit of the Dalton Company against the San Francisco and Oakland Terminal Railroad Company for an injunction comes to trial.

The new tracks will cut off a portion of the Dalton foundry building and a portion of the building will be removed when the suit is settled. The fill will be sixty feet in width at the top and eighty feet at the bottom, and will contain 125,000 cubic yards. By this piece of construction the main line trains and those of the Berkeley system will leave the pier and approach the Sixteenth street station at a gentle curve. This will eliminate the old "death curve," a dangerous turn formed by the angle between the waterfront approach and the long mole, which has cost many lives in the past and caused dangerous injuries and loss.

The fill will provide for four tracks, the two outer to be used by the main line trains and the two inner tracks to be electrified for the Berkeley suburban service.

## ACTRESS BLAMES CONVICT HUSBAND

Declares She Believed Herself Heir to Sum of \$70,000.

LOS ANGELES, Oct. 9.—Mrs. Marjorie Empting, formerly a member of a musical comedy company, is in the county jail here today on the charge of having obtained money under false pretenses by having given a check for \$10,000 to secure a loan of \$1000.

Mrs. Empting, who was arrested in San Jose, admitted she had obtained the money from William Chagalakes, a Greek, of this city, but declared that she did so at her husband's instigation and told Chagalakes a story her spouse invented about her being heiress to \$70,000.

"I was so madly in love with my husband, who is now in the penitentiary," said Mrs. Empting, "that I thought I was an heiress to \$70,000 when he said I was."

## CONTEST LOOKED FOR IN HAYWARD ELECTION

HAYWARD, Oct. 9.—The annual election of officers of the Hayward center of the California Civic League will be held in the assembly hall of the First Congregational Church of Hayward, next Friday afternoon. Reports from chairman of all the sub-committees will be read and a general report of the year's work given by the president, Mrs. E. W. Mastick. The list of those slated for office for the ensuing year has not been made public. A spirited contest is looked for.

## U. S. BOUNDARY SURVEY PARTY IS RETURNING

Chief Thomas Riggs Makes Report of Notable Expedition

SKAGWAY, Alaska, Oct. 9.—Thomas Riggs, chief of the United States boundary survey party which this year completed the marking of the line dividing Alaska and Canada, left here with his party for Seattle today.

"We left Seattle April 29 with twenty-six men and thirty-five horses," said Riggs. "At Coffee Creek, on the Yukon river we picked up forty-two more horses which had wintered at the head of White river and on May 25 we landed at Rampart House on the Porcupine river, sixty-five miles north of the Arctic circle. Here W. F. Reardon, one of our supervisors, had wintered with five men and had laid out a line of caches as far as the boundary crossing of Old Crow river, so the party could take the field without delay. J. D. Craig, chief of the Canadian party, with a similar outfit had wintered at White Horse, Y. T., and traveled with us to Rampart House, where sub-parties were sent out. The American and Canadian parties did not work from the same camps but divided the work. The only exception was a party of six headed by Mr. Craig and myself, who jointly projected the line. By using Old Crow river as a base supplies were carried by water within twenty-five miles of the Arctic ocean."

## TAKE "MOVIES."

The first party of which Mr. Craig and I were in charge, reached the Arctic ocean about the middle of July and the final monument was placed with the ceremony of breaking out flags of the two countries while the Mac Pope of Baltimore, the well known big game hunter, took a moving picture of the scene. Afterwards all of us took a plunge in the Arctic. Mr. Pope's camera again recorded the event. The temperature of one and a half degrees below freezing and we did not remain in long.

"The Arctic coast is entirely barren. The bleak tundra stretching twelve miles back to the foothills. Twelve miles back to the foothills the mountains rise to an elevation of from 5000 to 7000 feet. These mountains, even from a short distance, appear to be impassable, but we found a pass six miles east of the line."

"The only fuel north of the summit of the Arctic range is found in a few scattering clumps of willows, except along the beach, where driftwood from the Mackenzie river lines the shore. Strange to say, there is grass in plenty for horses along the streams and in patches on the tundra. I believe our horses were the first to travel to the Arctic coast, where the Indians and the Esquimaux called them the 'big dogs.'"

## STORMS SEVERE.

"Storms, especially in winter, are severe, and this year we found four skeletons of natives, who probably had perished in a blizzard on the tundra. In

the summer when the wind is not blowing or is off shore, the mosquitoes and flies are almost unendurable. Clouds of them rose out of every puddle and clump of moss and attacked the horses, which gathered around the smudges of driftwood, not daring to go out to graze. Game there was in plenty and we sold some for fresh meat. The largest herd I had seen consisted of about 500 caribou. Herds of from 100 to 250 were frequently met. We also found sheep in the mountains. A. G. Madden, representing the United States Geological Survey, made a reconnaissance north from Rampart House and reports very few indications of gold north of the Porcupine."

"Beginning with the monument on the Arctic coast as the initial one, the monuments were numbered and inspected from the Arctic to the Yukon, 115 being in this stretch. Next year the monuments will be numbered and inspected from the Yukon to the Mount St. Elias Alps and the survey of the one hundred and forty first meridian will have been completed."

"The return of the expedition to Rampart House was made about August 1, and as soon as a party arrived from the sea, the men were sent on to Dawson. The worn out horses were shot."

"Others were sold and a string of twenty-five were left in reserve for the finishing touches next year."

"The officers of the party will go either to Washington or to San Francisco to complete drafting and computations."

## BLACK REFUSES TO QUIT OFFICE

Resort to the Recall May Be Necessary to Oust State Senator.

PALO ALTO, Oct. 9.—Resort to the recall will probably be necessary to secure the resignation of Marshall Black from the state Senate, in spite of the demand made on him by the Bull Moose county committee that he retire, as he intimated yesterday to the chairman of the committee, Professor R. L. Green of Stanford University, that he would not resign.

Resolutions calling on Black to resign from the legislature were drawn up by the committee Saturday, and Green was delegated to serve them on Black personally. Green said he was unable to see Marshall Black in person, but that he arranged with him over the telephone to leave the papers where Black could get them.

"Black gave me no direct answer," said Professor Green, "but he intimated the same thing that he has expressed directly to the general public before, that he would not resign. I am familiar with his views, and I expect he will ignore the demand of the county committee."

Another victim of Black's dealings has been discovered in the person of T. W. Corey, who came out from New York six weeks ago under a two years' contract to superintend some of Black's projects. He is now stranded and is looking for work.

Corey had been in his last position seven years. When he came West he brought his family with him and is now in a precarious condition. The investigating committee of the Depositors' League of the Palo Alto Mutual Building and Loan Association met last night. The report of J. R. Hassett was gone over, and tonight the investigating committee will present its report to the Depositors' League.

## AUTO SPEEDER BARRED FROM DRIVING HIS CAR

LOS ANGELES, Oct. 9.—Novel punishment, in addition to a fine of \$100, was inflicted by Police Judge Frederickson upon Theodore W. Kittredge, a young multi-millionaire, after having wrecked his own machine and collided with another while on a joy ride. He drove eighty miles an hour in the city.

During the next three months Kittredge may not drive an automobile or ride in any machine where he has authority or direction over the chauffeur, under penalty of thirty days' imprisonment. Kittredge has been arrested three times for wild auto escapades. Once he drove his machine to the middle of a railroad bridge and blocked traffic half a night. He was celebrating the advent of a son in his home.

Kittredge told Judge Frederickson that he was guilty, but somewhat under the influence of liquor. He declared he had since signed the pledge.

## ACTOR'S FAMILY OF FIVE FOUND STARVING

OROVILLE, Oct. 9.—A pitiful case of destitution was brought to the attention of the Butte county authorities yesterday afternoon, when Mr. and Mrs. James Madigan, who said their home was in Oregon, presented themselves before the board of supervisors and requested that they be furnished with funds to order that their family of five children, one of them 5 years of age, might be cared for.

The tots had not tasted food since Monday and were now from hunger. The father explained that he had been too proud to beg or ask that his bread be fed by a kind hearted restaurant man. He said that he was a vaudeville performer. The county fed the little family and provided them with funds to keep them for the next few days. Tickets on the railroad to their old home were also provided and the family is now speeding to Oregon.

## PROMISE IMMUNITY TO PROPERTY OWNERS

CHICAGO, Oct. 9.—Owners and agents of property used for immoral purposes were promised immunity yesterday by State Attorney William J. Bennett when he told the legislature that if they would enter the tennant man's action would prevent the courts of hundreds of cases now pending as a result of the wholesale raids in the vice district. Bennett said that his purpose to stamp out organized vice in Cook county would be accomplished without prosecution if possible.

## CAVALRY HORSES SAVED

WASHINGTON, Oct. 9.—The war department is experiencing great difficulty in securing mounts for the Second and Fourth Cavalry, recently returned from the Philippines. Horses of these regiments were left in the islands because of the need of American mounts for cavalry service of the Mexican border. The department has been forced to take all available horses from the remote stations.

## OAKLAND IMPORT TRADE GROWING

Merchants Realize Benefits of This City as Sub-Port.

The growing mercantile importance of Oakland, as indicated by direct importations from Europe to this sub-port, is made manifest by records of the local custom house, showing a steadily increasing international trade.

More merchants are coming to a realization that by billing their importations direct to the sub-port of Oakland they can avoid the freight charges for re-shipping across the bay and at the same time add to the importance of the city from a federal standpoint. The records of the local customs office show that during the month of September that Oakland merchants paid the sum of \$5500 as duties on goods shipped directly from Europe to Oakland and brought across the country by rail. This is the highest amount yet collected, and the outlook is that the shipments from now on will increase steadily.

Not until Oakland builds her projected wharves and completes her waterfront plans, so that the trans-Pacific liners can dock here direct, will this city get credit for any of the shipping of the cargoes that come overland to Oakland in ships that stop first at San Francisco from all ocean steamers. A few years, it is believed, will see this all changed, and steamers stopping here first in many cases and then proceeding to San Francisco.

## ARMY BAND MUSIC TO TAKE ON TONE

WASHINGTON, Oct. 9.—The United States Army band music of the future will be a "thing of beauty and a joy forever," if the efforts of a New York musician succeed in making it such. The director of this institute has offered to take yearly and train five musicians chosen by competition from the various army bands. The army has fallen in with his offer.

The five men who have won this year's scholarships and who are about to begin their study of bandmanship, are: J. Thomas, chief musician of the Tenth Cavalry band; G. A. Horton, Third Cavalry band; J. W. Frowitt, Twenty-sixth Infantry band; W. C. White, Tenth band, Coast Artillery Corps; and E. V. Sorenson of the Fifth Artillery Corps.

## MINE FIRE CURBED: SEARCH FOR BODY

KELLOGG, Idaho, Oct. 9.—A fire, which started in the Kellogg Hill and Sullivan mine, and which is believed to have claimed one victim, was brought under control late yesterday. Rescue crews began immediately a search for a body, a miner, whose action in starting the fire is without parallel in this district.

## CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH 'SYRUP OF FIGS'

More Effective Than Calomel, Castor Oil or Salts; Gently Cleanses the Stomach, Liver and Bowels Without Nausea or Griping; Children Dearly Love It.

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physician—they think of castor oil, calomel, salts or cathartic pills. It's different with Syrup of Figs. Its effect is as that of fruit; it's a natural, pure food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clog would waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness.

Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it cannot cause injury. If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name, "California Fig Syrup Company." That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

## GROVE L. JOHNSON TO VOTE FOR DEMOCRAT

SACRAMENTO, Oct. 9.—Grove L. Johnson, veteran Republican and father of Governor Hiram L. Johnson, candidate for vice-president on the Bull Moose ticket, will vote for the Democratic ticket and advises all other Republicans in the state to do the same. Johnson is a well-known name as a rebuke for the theft of the ticket by the third-termers in this state. In a communication to W. F. Milton of Woodland, Johnson says: "I read with much pleasure this morning that you would announce through your paper (the Mail) that Republicans should vote for Wilson to rebuke the theft of the ticket by the third-termers in this state. ## FROST NIPS PLACER COUNTY; SNOW FALLS

PLACERVILLE, Oct. 9. — Residents of Placerville awoke to find that Jack Frost had been in their midst and paid a social call. It was his card and message that he soon expected to take up his winter abode in the mountain counties.

With the arrival of frost came news from the mountains that snowstorms already have covered the ridges and peaks. At "The Chimney," of Georgetown Junction, thirty-eight miles from Placerville, three inches of snow are on the ground, and elsewhere in the mountains that much or more snow is reported to have fallen.

## BELIEVES ESTUARY TUNNEL PRACTICAL

Perry A. Haviland Declares  
Money Alone Is the Problem.

"So far in my investigations, I have found no insurmountable difficulty in the way of constructing the estuary tunnel. In fact, after having taken preliminary soundings and borings, I believe the project entirely practical. It is now merely a question of money and whether the time is ripe for launching such a project."

This is what Perry A. Haviland, county surveyor, has to say about the project that was assigned to his care some time ago by the board of supervisors. With the small appropriation available for the purpose of preliminary investigations, Haviland is somewhat hampered in his task of compiling a thorough report upon the subject.

He said today that it would probably be three months yet before his office would be ready to submit the report which was now being compiled. Haviland indicated that he would recommend the project as feasible, unless some unforeseen difficulties were to be encountered between now and the time of filing his report. Maps, shipping and traffic statistics, estimates of the money required and suggestions as to the location of the proposed bore and the method of construction will all be embodied in the surveyor's recommendations.

The tunnel may be of steel or concrete, and will probably be located east of the Webster-street bridge, forming an artery that will connect Oakland and Alameda and permit of increased traffic facilities, at the same time enabling shipping to enjoy the least possible interference.

According to Haviland, the project must come eventually.

"My report," he says, "will show how the tunnel may be constructed and what will cost. Then, it will be but a question of whether the time is ripe for such an enterprise."

## METHODISTS FROWN ON SUNDAY PLEASURES

CHICAGO, Oct. 9. — Sunday funerals, Sunday baseball, Sunday nickel shows and Sunday automobile riding were all put under the ban yesterday by the Methodist conference.

"Baseball is a magnificent game, but when played Sunday is an insult to God," says the report.

"Moving picture shows are luring the people away from church," it continues. "Junketing through the country in an automobile hurts the influence of the church and Sabbath observance."

## OLDEST TELEGRAPH OPERATOR IS DEAD

BABYLON, N. Y., Oct. 9. — Henry Chester Hepburn said to have been the oldest telegraph operator in the country, is dead at his home here, aged 88 years. He was a close friend of President Arthur, who often visited him here. He helped install the first telegraph line west of the Alleghenies, and sent the first message from Pittsburgh, Pa., to Boston, via New York.

"Baseball is a magnificent game, but when played Sunday is an insult to God," says the report. "Moving picture shows are luring the people away from church," it continues. "Junketing through the country in an automobile hurts the influence of the church and Sabbath observance."

## POLITICS TAMES AUTHOR SMOKELESS ONE COMING

GERTRUDE ATHERTON, THE NOVELIST, WHO WILL APPEAR SOON IN OAKLAND TO SPEAK FOR WOODROW WILSON

## Gertrude Atherton Promises Democratic County Committee to Be "Proper"

When Gertrude Atherton, the novelist, comes to Oakland shortly in the interests of Woodrow Wilson's Presidential campaign, she will smoke cigarettes in public, will she not? Yes, she will NOT!

Will she indulge in light stimulants well, not so that you could notice it? Will she sit in the hotel lobby with her knees crossed and discuss the provincialism of the West? Nay, little blonde-haired Equimau, once again she will NOT!

For the famous author of "American Wives and English Husbands" has assured the Democratic County Central Committee, under whose auspices she will appear here, that she will never again smoke cigarettes in public, nor fall to show the proper regard for the rules of propriety, as laid down by the majority of her sex.

"I never did inhale," she says, referring to the cigarettes, "therefore, I don't think they ever did me any harm. I have always been opposed to youths smoking cigarettes, but in Europe no one ever thinks anything of a woman smoking. However, I have given my word not to smoke anymore in public, and I shall keep my promise."

**WOMEN DISARMED.**  
So the women of Oakland are completely disarmed and need have no hesitations.

## 1100 TO ATTEND COUNTY INSTITUTE

School Teachers Will Meet at  
Idora Park Last of  
Month.

Eleven hundred school teachers will participate this year in the three-day county institute, which will open at Idora Park, October 23. County Superintendent George W. Peck, who will call the gathering to order, has announced that the three lecturers who will address the teachers are Dr. E. O. Sisson from Reed Institute, Oregon; Professor C. E. Rugh of the University of California; and Dr. Richard G. Boone, also of the University of California.

There will be brief morning and afternoon business sessions, with plenty of time for recreation and pleasure in the big park. Particular attention has been paid this year to the musical portion of the program, which has been placed under the direction of Paul Steinmetz.

One of the novel features of the institute will be a pilgrimage of teachers to several of the largest factories of the county, where the plants will be inspected thoroughly, so that the children may be made acquainted in turn with the manufacturing interests of Alameda county. This feature of the program is being arranged by the manufacturers' committee of the chamber of commerce.

## 'GENTLEMAN JIM' OUT OF DANGER, SAY M. D.'S

PHILADELPHIA, Pa., Oct. 9.—James J. Corbett, the actor-pugilist, who was operated on one week ago last night for appendicitis at the Jefferson Hospital here, last night was pronounced out of danger after a consultation of physicians. The physicians also declared that Corbett is probably one of the few men living who would have withstood the operation and subsequent peritonitis.

While the physicians were examining Corbett, he demanded to know the score of the game between the Giants and the Red Sox. When informed that the Giants led by two runs, which they did at the time he asked the question, he apparently was happy.

Corbett will be in the hospital about three weeks more, when he will be allowed to go to some quiet spot to recuperate.

## OAKLAND REACHED BY TRAIN DE LUXE

Unexcelled Accommodations  
for S. P. Traveler Between  
This City and Chicago.

Beginning January 1, a new train de luxe, representing the last cry in elegance, will be placed on the run between Chicago and Oakland by the Southern Pacific Company. The new train will leave Oakland every Saturday evening and reach its destination in thirty-two hours, cutting the present schedule six hours. An extra charge of \$10 will be made for transportation via this transcontinental paragon.

Nothing approaching the equipment of the new train has ever been offered before by the railroad of the great West. Steam heated and electric lighted throughout with every modern convenience offered by the most palatial hotels or that human ingenuity can devise, this new train will appeal to those who seek such accommodations and appreciate them.

In addition to a library, writing room, smoking room and observation car, there with feminine maid, clothes presser. The new train is expected to replace, and similar conveniences for the fastidious.

The new train is expected to replace, on the time schedule, the Overland Limited, which will probably leave earlier and carry a tourist car in addition to its present makeup.

As an indication of the steady improvement in transportation facilities, the Shasta Limited pulled out of Oakland yesterday morning with an entirely new equipment furnished by the Pullman shops at Richmond. Among the innovations were electric lights in every upper berth, something not yet assayed on the coast. The train was inspected at the Oakland pier by a group of prominent Southern Pacific officials, including Charles S. Fox, passenger traffic manager; James H. Horburgh, general passenger agent; F. E. Batters, general passenger agent at Los Angeles, Superintendent Woods of the Pullman shops, and others. The train was made up of eight cars, all fresh from the shops.

## PASTOR DIES AT HOME IN OAKLAND

Rev. Alexander F. MacKenzie  
Passes Away at the Age  
of 78 Years.

Rev. Alexander F. MacKenzie, a retired Presbyterian minister, well known in Eastern Canada, where he engaged in church work for over fifty years as pastor of some of the leading parishes in British American territory, is dead at his home, 2229 High street. He had been in failing health for some months and his death was not unexpected.

Dr. MacKenzie was a native of Scotland and was 78 years of age. He gained his early ministerial education in the Glasgow Presbyterian College, coming to Canada in his twenty-first year, where he continued his studies in the Presbyterian theological class at Toronto.

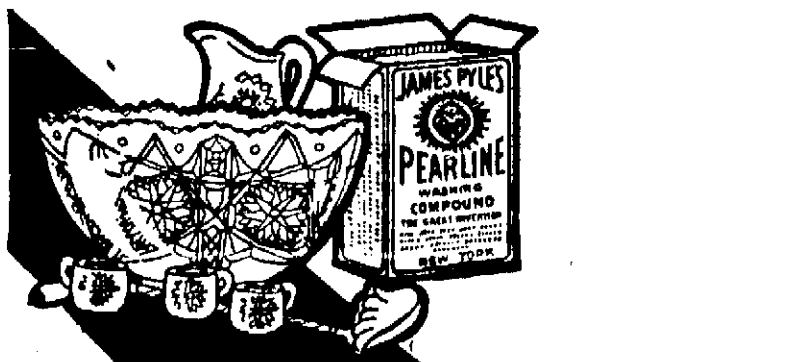

Dr. MacKenzie and his wife moved to California about four years ago and have since made their home in this city. During his residence here the pastor occupied the pulpit of local Presbyterian churches on numerous occasions.

Miss Jessie F. MacKenzie, a daughter, holds a responsible position at the Mount Zion Hospital in San Francisco. A son, D. A. MacKenzie, is now studying for the Presbyterian ministry at the Moody Institute in Chicago. The pastor is also survived by a widow, two other daughters—Bath and Rhoda MacKenzie—and an elder son, D. C. MacKenzie, active in Sunday school work in Minneapolis.

The funeral will be held next Saturday from the family residence on High street, and will be conducted by Rev. C. C. Harriet of the High-street Presbyterian church.

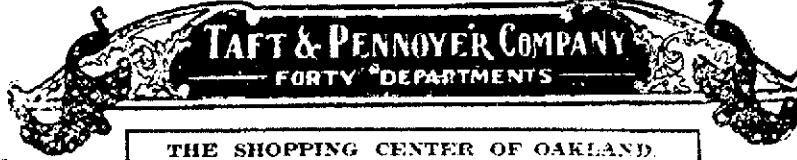

## URGE INDEPENDENCE FOR THE PHILIPPINES

WASHINGTON, Oct. 9. To advocate independence for the Philippine Islands, the monthly, Filipino People, began publication here yesterday. Manuel L. Quezon, Philippine delegate to Congress, is backing the publication and is its editor. The magazine will be sent regularly to all leading men of this country, urging them to ask Congress to pass the Jones bill, which provides independence for the Philippines in 1921.

### PIONEER OAKLANDER DROPS DEAD AT HOME

Eugene Gilardin, a pioneer resident of Oakland and early-day ranch owner, died while standing in front of his home at 1824 East Fourteenth street. Death was caused by heart trouble. Gilardin was a native of Illinois and 70 years of age at the time of his death.

Gilardin came to California in 1862, making the trip across the plains in company with a small party of friends in an oxen caravan. Gilardin always maintained a residence in Oakland, and during the later years of his life took an active interest in the civic and political affairs of the city. Gilardin is survived by a widow, Mrs. Annie Gilardin, two sons and a daughter. The funeral will be held tomorrow from the residence of Peter Gilardin, at 1538 Sixth avenue.

## FRESNO SEEKING LABOR CONVENTION

Socialists Plan Capture of the Annual Sessions Now on at San Diego.

SAN DIEGO, Oct. 9.—Active campaign to make Fresno the labor convention city in 1913 was begun by the delegates to the annual convention of the San Francisco Federation of Labor this morning. Delegates of all lines were expected, and the first day of the convention, which was held at the Hotel Hamilton, was a success. The delegates, who are expected to be in the city by the end of the month, are expected to be in the city by the end of the month.

**TYPOS ALOOF.**  
Tests of strength may be made on any one of the delegates. The delegates from the typographical unions are uniting solidly against any attempt to drag the convention into the fight between the typographical unions and the Hearst papers and a Sacramento paper. The conservatives are equally determined that the convention shall not express sympathy for the labor leaders on trial at Indianapolis or the men accused of murder in the case of the trial at Salem, Mass. They say that such action should be delayed until after the decisions of the courts.

**TO STARTLE CONVENTION.**  
One member of a typographical union, who is here, but in preparation of a resolution that will startle the convention, he declares, if it is introduced. He says in effect that the measure will be introduced to counteract resolutions of sympathy for the men on trial at Indianapolis or the men accused of murder in the case of the trial at Salem, Mass. When the resolution committee reports, the long-expected battle in the convention will be on.

**COLLECTOR ARRESTED.**  
Manuel Silva, a collector, was arrested by inspectors T. J. Flynn and Thomas Wood this morning on a charge of misdemeanor embezzlement preferred by his former employer, E. A. Young, of the Adeline Street Market. The warrant has been outstanding for several months, as Silva has been on a trip to Alaska. He was arrested immediately upon his return, and is out on \$100 cash bail.

## TRY NEWBRO'S HERPICIDE

It Removes Dandruff—Saves the Hair

Dandruff is what starts most of the hair troubles. It stunts the growth of the hair, deprives it of life and causes it to fall out. Loss of hair and final baldness, frequently considered inevitable, can both be prevented. Newbro's Herpicide will do it.

Herpicide is the first and original remedy compounded to kill the germ that causes dandruff. It not only checks the accumulation of dandruff, but destroys entirely the tiny microbe growth, which is the worst enemy to good hair.

The intelligent use of Newbro's Herpicide gives new life and luster to the hair, keeps it clean and healthy and healthy. The first application is enough to convince you of its value. Herpicide imparts a feeling of cleanliness, is very cooling to the scalp and stops the itching almost instantly. Being free from oil or grease and possessing a delicate and exquisite odor, Herpicide is a delight to ladies of refinement. It does not change the color of the hair a particle.

Give it a trial. The Herpicide Co., Dept. S, Detroit, Mich., will send a sample bottle of Herpicide to any address upon receipt of 10 cents in postage or silver to cover the cost of packing and mailing.

Newbro's Herpicide is sold at all toilet goods counters in 50 cent and \$1.00 sizes. Your dealer will guarantee it to do as claimed or refund your money.

Applications obtained at the better barber shops and hair dressing parlors.

## ACCUSED WOMAN HELD TO ANSWER

Mrs. Ida Wright Repeats the Threats Against Detective.

Mrs. Ida Wright was held to answer before Judge George Samuelis this morning on the second felony charge filed against her, the complaining witness being Mrs. R. G. Baldwin, 1235 Telegraph avenue, whose home she is alleged to have entered September 30. Bail was fixed in the sum of \$2000 for her appearance before the Superior Court. Mrs. Wright was held to answer yesterday on another burglary charge.

Mrs. Baldwin testified that the accused woman burglar had stolen a gold watch and a purse containing \$50. Mrs. Wright went to the home of Mrs. Katherine Thomas, 634 Eighteenth street, after the theft and secreted the purse under a bathtub there. Mrs. Baldwin, Mrs. Thomas and Inspectors Hodgkins and Gallagher were placed on the stand.

Repeating her threats against Inspector St. Clair Hodgkins, Mrs. Wright declared this morning in court that she would swear to a warrant charging the detective with assault and battery. "He used me roughly and threw me down hard in a chair," Mrs. Wright told the court.

Hodgkins and Gallagher explained that the woman had become excited and had cursed them, and that they took her back to her seat when she attempted to leave the room.

## EX-WIFE IS SUED FOR CONTROL OF CHILD

Contest has been brought in the Superior Court over the guardianship of Gentry Howell, a minor whose custody was given into the hands of his mother, Olive Howell, when she obtained an interlocutory decree of divorce from Jesse E. Howell on October 24, 1911. The father alleges in a petition filed today that the mother is not a "fit and proper person" to have custody of the child. Howell says that he let the case go by default, having been out of the county at the time and now he wants to have the interlocutory decree modified. Helena E. Howell has filed suit for divorce from Jonathan L. Howell on the grounds that he deserted her and failed to provide for her and their 3-month-old child, Dorothy. She asks for custody of the infant.

## SINGLE TAX PLAN FINDS OPPOSITION

League Formed to Combat the Home Rule Amendment on November Ballot.

The Anti-Single Tax League has requested the republication of the following article.

Representing all parts of California and all political parties and factions, notice in the State politics, the Anti-Single Tax League has established headquarters in the Merchants National Bank building in San Francisco and opened an energetic campaign to defeat the tax proposed home rule in taxation constitutional amendment, which will be submitted on the November ballot. Opponents of the measure assert that it is intended to permit the introduction of the single tax system to gradual stages, and that its real character should be made apparent before the people of various towns, cities and counties are put to the expense of defeating single tax at the polls. The league is organized to oppose the measure and to secure the repeal of the measure.

Such information as will be supplied the voters of California between now and the date of election will be furnished by expert authorities on the subject. A number of whom are members of the executive committee of the Anti-Single Tax League. State Controller A. R. Kye of the executive committee has publicly opposed the amendment on several occasions. His efforts will be supplemented by Professor Carl C. McPherson, secretary of the State Commission of Revenue and Taxation; W. F. Felt, secretary of the Tax Association of California; Francis Cutting, its secretary; Mark L. Requa, president of the Alameda County Tax Association; A. L. Harrison, president of the San Francisco Real Estate Board; J. F. Sartori of Los Angeles, bank president; George L. Cochran of Los Angeles, bank president; Pacific Mutual Life Insurance Co.; John Tuohy of Tulare, chairman of the legislative committee of the State Tax League; and J. S. Smith, secretary of the State Tax League. The league is organized to oppose the measure and to secure the repeal of the measure.

**DENOUNCED AS DANGEROUS.**  
In a statement issued today by Frank Mattison, secretary of the Anti-Single Tax League, the proposed amendment is denounced as dangerous and opposed to the best interests of the State. Mattison, who acquired his knowledge of the subject during years of service as County Assessor and his term as member of the State Board of Equalization, said:

"This State is not prepared to deal with the endless variety of cures and remedies that may be suggested for purposes of producing revenue. California's future depends, to a large extent, upon the assimilation of our idle lands by people who come from without her boundaries and cannot afford to make spectacles of ourselves by offering prospective investors their choice among a score of taxation laws, adopted without adequate consideration, and subjecting whole communities to the uncertainties involved by prolonged agitation affecting taxation."

**CHANCE IS TOO GREAT.**  
"We cannot expect the stranger from the East to take a chance upon the outcome of such legislation as this, which will concentrate attention upon the instability of our taxation laws. If the principles of single tax are established, the world as a whole will be a different place, and if the trend of human progress had demonstrated the need of the law that is proposed, this amendment would have been adopted long ago."

The Anti-Single Tax League, which has members in all parts of the State, will distribute literature dealing with the amendment in question, and expects to add to its roster thousands of members during the next two weeks.

## POOLROOM MEN WIN IN COURT

The Accusation Dismissed by Judge Cabanis; Demurrer Sustained.

SAN FRANCISCO, Oct. 9.—The poolroom operators, who, since the closing of the Emeryville race track, have been reaping a rich harvest, achieved a complete victory in Judge Cabanis' court today. A stop to their operations had resulted from the raids of the Detective Sergeant, Redmont, who arrested John Plath, Frank Dunleavy, Henry Freeman, A. Johnson and Joseph Smith. All were charged with violating Section 327A of the penal code. Attorney Michaelis interposed a demurrer to the indictments and today Judge Cabanis sustained them, dismissing the accusation. The court held that more than one offense had been charged in the indictment.

## GIRL DRINKS LYSOL FOR COUGH MEDICINE

Mistaking lysol for a bottle of cough medicine, Miss Gladys Kline, a 17-year-old girl living at Telegraph avenue and Sixteenth street, had a narrow escape from death last evening when she took a quantity of the poison. The girl, who was covering her mistake as became hysterical. Relatives rushed her to the Receiving Hospital, where antidotes were administered by Dr. A. C. Smith. The girl was able to return to her home.

## ENTERPRISING BURGLARS LOOT RESIDENCES

SAN FRANCISCO, Oct. 9.—The real estate market was shaken last night when a burglar, last night, who obtained \$112.50 in valuables. Richard Grunig, of 1323 Valencia street, complained to the police that his home had been entered and jewelry to the amount of \$68 taken.

**BURGLAR ENTERS WINDOW.**  
Miss E. Lowe of the Persia Apartments, left her room for a short time to visit a friend, leaving a purse containing \$25 and a watch valued at \$10, on her bureau. Miss Lowe returned in a few minutes and found that her room had been entered by means of a window and the valuables taken. The police believe the burglar may be traced by fingerprint impressions left on the window-sill.

## IMPERIALES CIGARETTES

"Fellow Smokers:  
"Some men roll their own cigarettes—not so much from preference as from custom. They have seen their friends converted to Imperiales but have put off adopting the modern mouthpiece cigarette. "I have a message for these men:  
"Imperiales are a better smoke—a high-grade rich, fragrant blend.  
"The mouthpiece cools the smoke and gives you the full aroma and taste of the tobacco. You can't get this through a moistened stub.  
"Imperiales mean no stained fingers—no 'loose' tobacco in your pockets—over the carpet—on the table cloth. You leave no 'trail' behind you with Imperiales.  
"So I say buy a pack of Imperiales—smoke this modern cigarette."

## NAVAL DRAUGHTSMAN SUED FOR DIVORCE

Arthur W. Goodrich, a draughtsman in the United States navy, at present on leave from the Baltimore yards, was on the witness stand in Superior Judge Harris' court this morning to testify in the divorce suit brought against him by Maud Goodrich.

Letters were introduced in evidence showing that Mrs. Goodrich had appealed to Secretary Von Meyer of the navy department and also to the authorities at Mare Island, which station Goodrich left in 1910 to go to Baltimore and the battleship Florida. Mrs. Goodrich asserted that her husband had sought the transfer and that he had robbed herself and child before he left. Goodrich gave the custody of their minor child whom he said he would place in the home of his own father. The hearing has been continued.

The Piedmont Musical club will hold its first meeting of the season on Monday evening at the home of Mr. and Mrs. McNeill Tenny on Monte Arroyo. Miss Virginia Waugh of Los Angeles is the house guest of Mr. and Mrs. Edgar Axton Jones at their home on Racado avenue. Miss Waugh will spend some weeks with her aunt in Piedmont. Miss Marion Devered of Hardwick avenue, who was thrown from her horse in Berkeley recently, is now convalescent, and is permitted to see friends. The Wallace Dows of Mesa avenue expect to complete their beautiful new home on Hillside avenue and Park way next week. The new tennis courts of the Piedmont school were opened for the use of the pupils of the school on Saturday. Harry Marshall, assistant chief of the fire department, returned from his vacation on Monday.

## Great Shipment of Log Cabin Syrup

WHOLE TRAIN LOAD BY FAST FREIGHT ENOUGH TO  
SERVE 5,000,000 BREAKFASTS TOMORROW MORNING

Remarkable Demand for Famous Towle Product Results in  
Spectacular and Impressive Transportation of Whole  
Train of Syrup Direct from Maple State.

**I**N response to the remarkable increasing demand in the West for the celebrated Towle's Log Cabin Syrup, a whole train of this syrup has just reached here for prominent buyers in this and adjacent cities.

This enormous shipment of the favorite three-times-a-day treat for the family table is more than enough to give a liberal serving to 3,000,000 people.

### Record Breaking Shipment

There will be over one hundred cars of Log Cabin Syrup for the West alone, besides any number of single cars to be shipped all over the United States—from Maine to California.

There have been instances of whole trains of automobiles or farm machinery being shipped, but never before has even a single train of such a food product as Log Cabin Syrup been shipped. For one reason syrup comes in small packages, and, while an article of daily use, it is in small bulk. A single carload is considerable shipment

ordinarily. Think how long it would take the ordinary community to consume one or two carloads and then think what it must mean to the Towle Maple Products Company to ship a whole train of its Log Cabin Syrup.

This is not a bunching of a lot of orders, gathered over a long period of time, but represents the natural trade condition in Towle's Log Cabin Syrup. It must be shipped when ordered. Consequently, there could be no such thing as holding back orders for several months.

### Towle's Log Cabin Syrup—the Standard "From Ocean to Ocean."

When quantities of syrup of this magnitude are shipped so far, it means that not only have the wholesale dealers and the retailers given their endorsement to Towle's Log Cabin Syrup, but that it has the unqualified approval of the housewife as well. And the reason is clear, for after 25 years of study and experience Towle's

stands alone—king of all table syrups.

The Towle process of mellowing, preserving and enhancing the delicate flavor of maple is one important reason for the preference given Log Cabin Syrup. The delicious taste recalls to mind the old log cabin in the edge of the maple grove where your father and mother made syrup when they were young.

In addition to this, when you buy a can of Towle's Log Cabin Syrup you are guaranteed full measure. We believe this is appreciated by the dealer and by the consumer as much as is the unfailing high quality and unequalled rich maple flavor of Log Cabin Syrup. In other words, giving the consumer not only full measure but money's worth has maintained and increased the demand which is created by our advertising and the quality of Log Cabin Syrup.

You run absolutely no risk of being deceived—Towle's Log Cabin Syrup always comes in the patented double seal, log cabin shaped can—your guaranty of purity and goodness.

"From my camp  
to your table."

Mrs. E. Bacon South and her sister, Miss Ella Bacon, have closed their Linda Vista home and are at Cambridge, Mass., where they will remain through the college season of December 1912. Mrs. M. E. Child of this city will go East next month to visit them in their new home.

**SUMMER PLANS.**  
Miss Christine Taft is still abroad and no definite plans have been made for her return. Mrs. Maxwell Taft and her family have opened their Vermont Heights home after a summer spent in the high Sierras.

**CHURCH WEDDING TONIGHT.**  
Miss Laura Judge will wed Royal Miller Reed tonight at a large and elaborately planned church wedding.  
Rev. Albert W. Palmer will read the marriage service before a flower decked altar in Plymouth Congregational church. The general color note will be pink and green.  
The bride, who is very attractive, will wear a lovely gown of white chambray, over which will fall the graceful folds of the long wedding veil, caught with a cluster of orange blossoms. The bride's bouquet will be pink roses and lilies-of-the-valley. Miss Emma Judge, as maid of honor to her sister, will wear a pale green chambray gown and will carry an armful of pink roses. Miss Therese McKenna as bridesmaid, will be crowned in green and will carry roses. Henry Gladus will be groomsmen for Reed.

Following the church ceremony, which will be witnessed by about 200 friends, a reception will be held at the home of the bride's father, Bernard Judge, on Ridgeway avenue, to which 40 guests have been bidden. Both bride and groom have a host of friends in this city, and the former has been given numerous complimentary affairs during the past weeks. The couple will go south on their honeymoon, and upon their return will live in Piedmont in a new home.

**TO GIVE LARGE TEA.**  
Miss Marian Merriman's school will give a large tea, on the afternoon of Saturday, October 19. About 150 guests have received invitations.

**WEDDING IN NEW JERSEY.**  
Miss Edith De Gen and Charles Howard Thomas of Berkeley will be married today in Trenton, N. J., at the home of the bride's parents. After spending a week or two in the East, the couple will come to Berkeley, where they will make their home. Thomas is the son of Mr. and Mrs. Charles F. Thomas of the college town.

**TEA TODAY.**  
Mrs. C. B. Holton presided over a large tea today in compliment to her sister, Mrs. Joseph Beamer, who is a recent bride and who came to the bay cities to make her home.

**NORTHWESTERN PACIFIC TO BE EXTENDED NORTH**

**EUREKA, Oct. 9.**—That the Northwestern Pacific Railroad, now rapidly being completed between this city and San Francisco, will be extended without delay to Coos Bay, and thence to Portland, became evident today when J. C. McLaughlin, president of the company, announced that the company had secured all rights of way in Humboldt county north from this city from the Southern Pacific Railroad Company, the Willamette Pacific Railroad Company, recently organized. The latter company is a branch of the Southern Pacific, as shown by the fact that it is owned by the same interests and other high officials of the Southern Pacific are likewise officials of the Willamette Pacific Company.

### RICH MAN HOLDS GIRL CAPTIVE IN WILD AUTO RIDE

San Jose Lochinvar Reported to Have Failed to Win Adored One.

**S**AN JOSE, Oct. 9.—Miss Lila V. Nichols, bookkeeper at one of the largest up-town stores and sister of two members of the San Jose school department, was held captive for six hours Monday night in a wild ride on a wild side in which she was taken by a wealthy family.

Shortly after 6 o'clock scores of residents were startled by cries of "Help! Help!" and "Mamma! Mamma!" Rushing to their doors they were just in time to see a car, with one hand over the car's wheel and the other at her waist, literally tear her into the machine. Mr. and Mrs. Nichols, at their home near by, were notified and a few minutes later an automobile load of officers were searching for the pair. Sage returned the girl of his own volition about 2 o'clock yesterday morning.

Police, sheriff and relatives of the girl refused absolutely to discuss the case. At the Nichols home the only answer returned to the reporters was, "There is nothing to it," and the young woman who answered the bell kept the door partly closed, while she refused to call any other member of the family or to say anything about the affair herself.

Sage is a member of a prominent San Jose and Los Gatos family and has a wife, from whom he has been estranged for some time. There has been no divorce, according to the records.

**Shoots His Wife**  
VANCOUVER, B. C., Oct. 9.—In the large dining-room of the Strand Hotel, one of the most fashionable in the city, Cleo Boulanger, a young French Canadian, shot his wife and then turned the revolver upon himself, inflicting probably fatal wounds, yesterday afternoon.

Both are in the General Hospital, where Boulanger is expected to die. His wife is not seriously wounded, but blood poisoning is feared.

According to the Boulanger woman, she came here three weeks ago to escape her husband and he followed her from Montreal, she claims that she left him because of cruelty and that he was plotting her to return.

Constitutional returned to the restaurant, which was comparatively crowded with women shoppers of Vancouver's smart set. The couple had not made themselves noticeable at their table until his voice rang out with the words, "I want you to go with me." Her refusal was given in a low tone, and five shots rang out in rapid succession. Shrieking woman sprang from her seat and the waiter rushed at the man.

**Seeks Former Spouse**  
KIAMATH FALLS, Ore., Oct. 9.—Officers are making a diligent search for D. W. Jones of Springfield, Mo., who is accused of kidnapping a 13-year-old boy, William Jones, and the boy boarded a southbound train at Worden yesterday morning and, shortly after learning this Mrs. West, the boy's mother, came to this city and with child-strengthening charges against child stealing. The authorities in other cities have been wired concerning the pair, and the arrest of the father is expected in a short time.

Seven years ago Jones and his wife were awarded the custody of the child. She came to Oregon a few years ago, married again, and has been living in Worden. Yesterday morning, according to the mother, her former husband, who has been living in Missouri, went to the Worden schoolhouse, saw his son, persuaded him to accompany him. They left in a few minutes on the train. It is the belief of those concerned with the case that Jones came to Oregon with the express purpose of stealing the child.

**She'll Celebrate**  
LOS ANGELES, Oct. 9.—Next Sunday Mrs. Fannie Higgins Carr, who received her divorce from M. A. King last April, will hold a celebration of her possession of the valuable Vinzaga ranch, awarded during the divorce proceedings, and has asked the lawyers, witnesses, judges, doctors and others who participated in the divorce trial to join in the jubilee.

"This cannot be said to be exactly a celebration of my divorce," Mrs. Carr stated, "because I won't be formally divorced until next April, but since September 17, 1910, when I testified in Worden proceedings, I have not had possession of my ranch. Recently I had possession, assisted by a sheriff, and now I shall celebrate, and I want everybody who helped me get a divorce to come and have a good time."

One hundred invitations have been issued, a large number to women.

**Miss Pickering Weds**

PACIFIC GROVE, Oct. 9.—Mary Edith Carr, daughter of M. A. King and Fannie Higgins Carr, was married yesterday to Mr. J. H. Carr, of this city.

A, whose engagement was announced on September 25, were united in marriage at St. John's Church, Del Monte, on Monday. The interesting ceremony took place at high noon, in the presence of a large assembly of invited guests.

## BEAUTY OF SOUL

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell)

**T**HE woman who acts from impulse is spiritual and must necessarily be beautiful. Impulse is the soul's incentive to action. The action which is purified from the dross of cupidity, selfishness, sensuality and other worldly dispositions is spiritualized. The first sensible stirring of the soul is a spiritual telegraphy which speaks through the gentle influences of nature, through the inspiration of art or through the human phenomena of self-articulateness. When this voice begins to speak from within us it is the hour for obedience, for it is the epoch of regeneration. Then the life, the face and the form take on a new beauty.

Perhaps many of the women who have a dissatisfied, discontented look have not heard these voices, have not been taught to listen for their inspirations. For soul is the germ of all beauty of expression and motion. Nothing can be beautiful that lacks soul. The fragrance of the flower is the soul of it. The twinkle of the star, the babble of the brook, the shimmer of the moon, the radiance of the sun, are the souls of them. The whisper and moan are the soul of the wind. Blue is the soul of the ether, ozone is the soul of the atmosphere. Even statuary and paintings are full of the soul of the artist. Remember, woman, however perfect physically, cannot be beautiful without soul.

**Answers to Queries**  
A. B. L.—Don't use peroxide on your face to bleach it. It will make the skin dry and yellow and your face will be full of tiny wrinkles. Powder is harmless if it is a good grade, and the face is carefully cleaned each night when retiring. Glycerine is something every one cannot use. Some people can use it with success, but others cannot use it or anything that has glycerine in it. This you will have to decide for yourself. You can tell if it will not cause a growth of hair. I know nothing of the article you mention. I am sending you the formula you asked for.

A. S.—There is nothing that will entirely remove freckles, sunburn, or pimples in the time you wish. You must have patience, for it takes time. However, if you will send me a stamped addressed envelope I shall send you my treatment for removing pimples and

bleach for freckles and sunburn. I am happy to give my formulas for improving one's beauty for the asking, and if you wish a prompt reply send me a stamped addressed envelope.

BETTY.—As I have told my readers many times before there is very little that will change the shape of the nose. However, you might try massaging the end of your nose gently, starting at the bridge and working towards the cheeks. Also gently pinching it between the fingers. Do not do this too hard.

B.—In the case of a double chin prevention is much easier than to cure. Tight collars always make ugly rolls of fat under the chin, and the habit of holding the chin down and in, is fatal. The following is a good exercise for removing a double chin: Throw the head back with a force that will put all the muscles on the stretch, then

turn the head from side to side with force, still keeping the head back. Repeat several times. Another good exercise is to raise the head and blow at a bit of imaginary thistle down, keeping the chin in the air for about five minutes, supposing the thistle down to be first on one side of you and then on the other. Try this before your mirror and see how it rounds out your neck and tightens the muscles.

VIVIEN.—Do not dye your hair. It is probably changing in color. If you wish smooth elbows don't use them as props. The elbows must be taken care of each night as well as the face unless you want to have them dark and hard. Scrub them good with a hand brush, then rub cold cream into them. This will soften them and gradually make them smooth. If you will send me a stamped envelope, I shall send you a shampoo for blonde hair which I am sure will help you.

Besides being one of the oldest organizations of Oakland High, the German Club is also one of the most successful. The aim has been to make this club a means of promoting interest in the German language. Miss Anita Lutz was president of the German Club for the second half of last term.

**HARBOR ROUTE FARE INCREASE OPPOSED**

When the board of railroad commissioners starts its hearing of the Southern Pacific company's application to increase the passenger rate on the harbor route ferries, protests on the part of Oakland will be presented by a committee composed of W. E. Gibson, George C. Padden, R. M. Ayres and H. R. Jackson.

This committee has been named by the Chamber of Commerce directorate to combat the railroad company's proposed increase of rates.

The Chamber of Commerce has also approved by resolution the proposal of San Jose and the northern end of Alameda county to improve the waterfront of the lower bay so as to make a Port San Jose near Alviso. The work will mean a permanent improvement in the harbor and can be sought.

Thus the Westerner's soprano of the Metropolitan Opera House inaugurated her concert tour, which includes a tour of the Pacific coast. Miss Gadski sang a number of songs and created such enthusiasm as has never before been witnessed in Toronto by her singing of "Bess's Dream" and "Ocean Aria,"

## OAKLAND'S BOYS AND GIRLS

HIGH SCHOOL GIRLS PRACTICE ART OF JIU JITSU

LOS ANGELES, Oct. 9.—Jiu jitsu is to be taught to the co-eds in the Los Angeles schools.

Jiu jitsu, the Japanese art of self-defense without weapons, will be the next innovation in the physical training departments of the city high schools, according to J. H. Francis, superintendent of schools, yesterday.

"Only high co-eds are very enthusiastic over the scientific game and are practicing it unofficially. Clad in comfortable middles, bloomers and tennis shoes, the girls are striving to learn the various holds, grips, twists and blows which make up the art."

As a developer of quickness, strength and resources of thought and action, jiu jitsu ranks high among the athletic sports. The girls will make a careful study of the muscles which are played upon in the game, learning just how to render a powerful blow.

Superintendent Francis said yesterday: "Jiu jitsu will be taught the high school girls if it can be arranged for at the various schools. The instructors, a gymnast and a coach, are capable of teaching it, and I believe that the majority of them are. It is a splendid exercise, health and character building. I believe it will develop a certain courage and poise in the girls when they realize that they are capable of defending themselves at all times."

**NICARAGUAN CUSTOMS TO BE HANDLED BY U. S.**

WASHINGTON, D. C., Oct. 9.—Salvador Carrillo, the Nicaraguan Minister to Washington, is in New York arranging for a \$12,000,000 loan, it is reported, to refund the present debt of the republic, which amounts to \$10,000,000. It is said Mr. Carrillo and Co. and Kuhn, Loeb & Co. will finance the loan.

The Minister's trip has convinced many here that the United States is preparing to take over the Nicaraguan customs, because officials say no New York banks would loan Nicaragua money without the interest and principal being guaranteed by this country, which could not be done unless the State Department supervised the custom house.

Rev. Edward H. Moloney reading the impressive Episcopal marriage service. The choir, of which the bride has been a member for several years, sang the solo, preceding the bride party, sang the hymn "Gloria in Excelsis Deo" as they entered the church. Lieutenant Cade, member of the medical staff at the Monterey post, attended the groom, Mrs. J. H. Parke of Pacific Grove acting as matron of honor. The ushers were Lieutenant Keck and Lieutenant Gilliam. The wedding was essentially a military affair, the groom being in full military dress uniform, the bride wearing an elegant gown of white chambray with train, with the conventional veil of orange blossoms. She carried bride roses.

**NOTED POET HONORED BY SCHOOL CHILDREN**

It is James Whitcomb Riley week all over the United States and the children of every city in the country have joined in honoring the Hoosier poet. Yesterday was Riley's birthday and pupils throughout Indiana, his home state, celebrated. Riley has always refused to tell his age, but it is generally believed to be about 60.

In Oakland schools the poems of the "children's friend" are being read this week, and his life is being reviewed in composition and by the teachers.

## SACRAMENTO VALLEY IS IN THE FIGHT ON PLOT

## ANNEXATION IS VIGOROUSLY OPPOSED

George C. Clarken Meets Only Seven Persons in Favor of It.

Spirited Meeting Held by the Women of First Hebrew Congregation.

Feeling is strong in the Sacramento valley against San Francisco's scheme to gobble up its neighbors by means of the proposed constitutional amendment, according to George C. Clarken, the Alameda County League's representative, who returned yesterday from a trip in the valley.

"In a week's traveling, talking to all kinds of people every day," said Clarken, "I met only seven persons who were in favor of the amendment. These seven had no good reasons, and were actuated by prejudiced mainly." Clarken went to Woodland, Willows, Red Bluff, Redding, Corning, Bella Vista, Chico, Oroville and Marysville. He interviewed newspaper editors, bankers, lawyers, merchants and representative citizens of all kinds. He spoke to the leaders of many women's organizations, one in Corning particularly expressing itself strongly against the amendment. Everywhere, he says, he found that the purposes of San Francisco were being appreciated as soon as the amendment was explained, with the result that the towns he visited will probably roll up strong votes against the amendment.

Meetings were arranged at the towns named by Clarken for the speakers who left Oakland yesterday for the Sacramento valley—A. S. Luvenson, Ben F. Woodner, Walter G. Manuel and Peter J. Crosby.

## WOMEN ARE BUSY.

The women's auxiliary of the Alameda County League has been especially busy this week in its campaign against annexation. It has arranged many meetings of women at which addresses against the scheme to gobble up Oakland will be made. The important meeting of today was held this afternoon at Chabot hall under the auspices of the Teachers' Association. Nearly 1000 women were present. Addresses were made by Miss Jessie Conner and Professor W. E. Gibson. Both were enthusiastically received. Mrs. W. T. Blackburn distributed literature.

Tomorrow afternoon a meeting of women will be held at the home of Mrs. Frank J. Woodward, 2322 Broadway, Berkeley. Bernard P. Miller will speak against annexation. On the same afternoon the Civic center of Berkeley will hold a meeting of women at Unity hall, at which A. Denison, secretary of the Oakland Chamber of Commerce, will speak. Mrs. Blanche Morse will preside. Mrs. Charles Harvey Miller will speak against annexation at a meeting of the Denison club, at which Mrs. Eliza Wolfenden will preside, on October 16.

**LITERATURE IN DEMAND.** The headquarters of the Women's Auxiliary, in the Syndicate building, is constantly visited by women who come in search of literature against the amendment to distribute. This morning several called and secured pamphlets for distribution in the country, where they are going to pay visits.

The press of the interior of the state continues to express itself against the proposed amendment whereby San Francisco hopes to gobble up Oakland and surrounding cities. In an editorial the Porterville Mercury says:

"There is another proposed amendment to the constitution upon which the voters of California will be asked to express an opinion this fall, which should be defeated. We refer to the laws that have been drawn by San Francisco politicians for the express purpose of allowing San Francisco to annex Oakland and other cities about the bay."

Oakland and other cities of the bay district that are not dominated by machine politicians rightfully fear annexation to San Francisco. The political history of the metropolis has been one which does not inspire the average man with great confidence, and there is no guarantee that San Francisco intends to be any better in the future than she has been in the past. At least there has been nothing in the recent history of San Francisco to indicate that she is at all repentant.

"The object of this consolidated city and government act is solely that San Francisco may annex before the world as a larger city than she really is, and that the wonderfully valuable Oakland water front may be handed over to the tender mercies of the San Francisco machine politicians."

This amendment, which will appear sixth on the ballot, should be defeated, and defeated by a large vote—as it probably will be."

**RESOLUTION PASSED.** The following resolution has been adopted by the Pleasanton Chamber of Commerce:

"Whereas, constitutional amendment No. 8 on the ballot, to be voted upon at the next general election in November, provides for the annexation by the cities of Los Angeles and San Francisco of adjacent counties, either of the whole or part thereof; and

"Whereas, such a law would be vicious and would work to a great disadvantage to this particular community by causing a division thereof; and whereas, the city of San Francisco should have no part in such a law; and whereas, the cities of Alameda and Berkeley, or any portion thereof, and

## PLOTTERS GIVEN PRISON SENTENCE

Three Convicted of Smuggling Chinese Are Sent to Cells.

SAN FRANCISCO, Oct. 8.—Adolph Adolphson, William Sundren and Wm. Ott were each sentenced to one year in the Alameda county jail by United States Judge de Haven in the federal court today for conspiracy. The men were convicted of bringing Chinese to California from the coast near Half Moon Bay and were arrested by a United States marshal after a pursuit.

Attorney McGowan, representing Ott and Attorney Humphreys, who appeared for the two white men, asked for new trials but these were denied by Judge de Haven who declared that the men, having been convicted by a jury, he thought they ought to go to prison. In view of the smuggling on Monday, the sentences of the trio are important.

"Resolved, that this Chamber of Commerce do hereby place itself on record as against such amendment; and be it further

"Resolved, that copies of this resolution be forwarded to the chambers of commerce of Oakland, Alameda and Berkeley, California."

The above resolution was unanimously adopted by the Pleasanton Chamber of Commerce.

One of the most spirited meetings of the campaign was that held yesterday afternoon by women of the First Hebrew congregation, who met at the temple, Twelfth and Castro streets, under the leadership of Mrs. Helen Miller. Ruth Friedlander welcomed the gathering and introduced W. E. Gibson, president of the Oakland Chamber of Commerce, who delivered the address of the day. Vocal selections were rendered by Miss Helen Miller and the women were escorted to their utmost in the campaign by Miss Mollie Conner and Mrs. Frank K. Mott and other leaders in the ranks of the Women's Auxiliary.

Tonight at Newbray hall in Piedmont A. A. Denison, secretary of the Oakland chamber of commerce, will address the people of Piedmont against the constitutional amendment that will appear sixth on the November ballot.

Tomorrow afternoon at 3 o'clock Denison speaks before the Civic center of Berkeley at Unity hall, Dana and Bancroft ways, Berkeley.

Last night, Denison, W. E. Gibson and Helen Miller spoke in San Francisco before the directors of the San Jose Chamber of Commerce and obtained assurances of support.

## Congressman Knowland Is Speaker at Good Fellowship Affair

The good fellowship banquet given by the Native Daughters of the Golden West in Scottish Rite cathedral last night was one of the most brilliant successes ever credited to a fraternal organization in this city. Not only were there present men and women high in the ranks of the Native Sons of the Golden West, but prominent men of affairs and public officials were in attendance and addressed the gathering of 700 persons. Grand President Olive Bedford Matlock was the principal guest of honor and was among the principal speakers, including Congressman Joseph R. Knowland, a past grand president of the Native Sons; Mayor V. H. Noy of Alameda, Dr. Mariana Bertoli, president of the Anti-Tuberculosis society of San Francisco; Mrs. Emma W. Little, past grand president, and Miss Beatrice McCall, Alameda county probation officer. Miss Bessie Wood of Piedmont parlor president, and Dr. Victor A. Derrick of Alameda parlor gave the address of welcome.

**MANY IN RECEIVING LINE.** In the receiving line each parlor of the Native Daughters in Alameda county was represented by its president, as follows:

Miss Emma Soldati, Mission Dolores; Miss Lena Kleigel, Piedmont; Miss Charlotte Leopold, Alameda; Miss Mae Barthold, Fruitvale; Miss Anna Lange, Argonaut; Miss Loreta du Fosse, Alameda; Miss Catherine Olsen, Berkeley; Miss Mollie Conner, Bella Vista; and Mrs. E. A. Powell, Bear Flag. Miss Sophia Gabrielle and Mrs. Emma G. Carter acted as chairmen of the receiving committee.

In her address of welcome, Dr. Victor Derrick said in part:

"I wish particularly to give a hearty welcome to our guest of the evening, Grand President Olive Bedford Matlock. It is a decided pleasure for us to have her with us this evening, and we feel that the success of the affair is made certain by her presence."

Grand President Olive B. Matlock spoke on "Our Landmarks." She reviewed the progress of the landmarks in the preservation of the landmarks of the state, and has recently assisted a movement to restore the old mission at Mission San Jose. He said in part:

"Our eastern friends marvel at the strength and growth of the two unique California organizations, the Native Daughters and Native Sons of the Golden West—unique because the membership of both orders is confined exclusively to young men and young women born within a single state of the Union. These orders have flourished because they are founded upon the devotion and love of Californians for their native state, because their chief objects are the upbuilding of that commonwealth and the preservation of its picturesque and romantic history."

Mayor Wilson of Berkeley spoke on women's suffrage. He said in part: "The problem of women is not simply to secure the right of suffrage. The ballot is but a means to an end. The ballot is only a weapon with which you are now equipped to fight

the real battles which are before you. Looking to the power of the suffrage and the struggles of the common people against the privileged interests, and the bitter life of the poor, we might say that woman has now got this right to vote just in the nick of time. And I say unto you that if you do not use that ballot for humanizing against the tyranny of money, and monopoly and the privileged interests, then you betray the great trust to which providence has called you."

Mayor Noy of Alameda thanked the Native Daughters for the interest they have taken in the development of the Emerald City, and congratulated them on their progress.

Owing to a previous engagement, Mayor Mott was unable to be present. Mrs. Emma W. Little, past grand president, who is at present secretary of the order's central agency for homeless children, next spoke. Her topic was "Our Children." Miss Beatrice McCall, deputy probation officer, spoke on the necessity of safeguarding the girls of the community and at the same time providing them with safe and sanitary amusements. Dr. Mariana Bertoli of San Francisco, who is the president of the Anti-Tuberculosis society of that community, talked on the dangers of tuberculosis and the necessity of stamping it out.

The committee which carried the affair to its successful conclusion was headed by Miss Wood, assisted by Miss Alice Wrenn as secretary and Mrs. Jennie L. Jordan as treasurer. Mrs. Carrie C. Hall, Mrs. Addie Mosher, Mrs. Neagle, Miss Sue Irwin, Miss Irene Rose, Mrs. Wright and Mrs. Doyle.

## LOCAL ATTORNEY PLACED ON TRIAL

Alexander Murdock Faces His Accusers in San Francisco Court.

SAN FRANCISCO, Oct. 8.—Alexander Murdock, an Oakland attorney, charged by Mrs. C. V. Van Lewen of Oakland with perjury, was placed on trial before Police Judge Deasy this morning. Mrs. Van Lewen is represented by Attorney Frank Gardner, A. Gilmore, C. A. Freeman and W. W. Whitmore of Oakland, while Attorney Carl Lindsey is appearing for Murdock.

The accusation sets forth that the attorney perjured himself in swearing before Howard Vernon, a notary public, in the latter part of 1911, that he was a single man. It is asserted that he proposed marriage to Mrs. Van Lewen, although he has a wife and two children in England, and thereby caused her to divest his property in Lake county, where she owns the Castle Springs Resort.

Today Mrs. Van Lewen took the witness stand and testified regarding the suit to set aside the deeds to Murdock, which she began in Lake county. The original papers in the action, as well as Murdock's answer, were admitted in evidence.

Oratorical efforts on the part of "Lord" Thomas H. Henry in presenting his case to the jury in Superior Judge Elworth's court did not avail him anything for this morning after being out but six minutes the jury returned a verdict of guilty. The defendant will be sentenced Monday. This is the second conviction of Henry on charges of felony perjury. The first conviction was appealed. The charge was that of having defrauded J. F. Clausen out of \$300 through the assignment of a mortgage.

Trial on a third charge sworn to by Henry was postponed before Judge Elworth. Arguing his case before Judge W. H. L. Hyman will prosecute the case as he did the other two.

"In arguing his case last evening, Henry told the jurors that he was an Englishman and had had fifteen years' experience in the courts."

"Never before have I been charged with the commission of any crime," he declared with dramatic accent. His wife and three children were in the courtroom at the time and also this morning when Henry was convicted.

Mrs. Henry broke into sobs upon hearing the verdict. Her husband was unmoved. The charge of which he was convicted was that of embezzling more than \$50 from Abraham Stokett, a colored man.

## COMPLAINANT NOW FACES CHARGE

Realty Man Who Accused "Lord" Henry Arrested on Similar Complaint.

Alfred W. Wehe and C. A. Runels Jailed for Alleged Misrepresentation.

Alfred Wehe, an Oakland realty dealer who caused the arrest of "Lord" Thomas H. Henry in Chicago some months ago on a felony charge of obtaining money under false pretenses, which will be heard before the Superior Court here tomorrow morning, was arrested on a Santa Rosa warrant today on a charge identical with the complaint he made against Henry. With Wehe was arrested C. A. Runels, his business partner, with offices at 1456 Broadway.

Wehe and Runels were arrested at their realty offices by Inspectors William Smith and Richard McSorley, and will be taken to Santa Rosa today by Constable S. J. Gilliam. The hearing of the Thomas H. Henry case before the Superior Court, which was set for tomorrow morning, may have to be deferred, as the complaining witness will be in the Santa Rosa jail unless bail is provided by that time.

The arrest of Wehe and Runels grew out of a realty transaction involving the exchange of a ranch near Santa Rosa, valued at \$16,000, for four pieces of city property in Oakland. The complaining witness is O. M. Smithers, 5512 Market street, who was the owner of the Santa Rosa land.

**FOUND PROPERTY ENCUMBERED.** According to Attorney J. J. Allen, who was asked by Smithers to intern himself in the case, Wehe and Runels made false statements as to the Oakland property. It is alleged by Smithers that Wehe and Runels represented that the Oakland property was but slightly encumbered by mortgages, and that the titles to the four parcels of land were clear. After making the exchange, Smithers alleges that Wehe and Runels, before giving clear title, mortgaged the Santa Rosa property they had received, for \$25,000, although they had not satisfied Smithers as to the debt and had not absolutely concluded the transaction, according to his statement. Smithers states that he found the Oakland property heavily encumbered.

The allegations made by Smithers are denied by Wehe and Runels. They declare that the transaction was altogether open and above board, and that Smithers was given the opportunity of inspecting the Oakland property and satisfying himself as to the amount and nature of encumbrances carried. Wehe stated today, when seen in the city prison, that in his opinion there could be no real cause of complaint in the matter and declared that the case would be fought and killed as soon as it should come into court.

"These people are merely disgruntled with the deal," said Wehe. "It is an outrage that they should have been granted a warrant for our arrest."

The felony charge of obtaining money under false pretenses is the same as that which Wehe swore out against "Lord" Thomas H. Henry, who was today found guilty on a similar charge presented by A. Stokett. Henry was arrested in Chicago on a property complaint and brought back to Oakland. Similar charges were filed by Stokett and several other people swindled by Henry.

ALAMEDA, Oct. 8. — Dr. Elmer G. Smith and Miss Myrtle Haynes were married in the First Presbyterian church in San Francisco at 10:30 a. m. today.

The bride is the daughter of Mr. and Mrs. William Haynes of 2112 Oak Grove avenue, Berkeley. She is a graduate of the University of California.

The groom is a physician and a member of the Medical Association of California. He is also a member of the Berkeley and Oakland clubs. The ceremony was officiated by Rev. Dr. J. H. Brown.

The couple first met on the summit of Mt. Tamalpais several years ago. From that time on they have been inseparable.

## BOOK SHORTAGE RAPIDLY FILLED

State Printer Reports Supply on Hand on the Increase.

SACRAMENTO, Oct. 8. — The shortage in the supply of school books, due to the failure of B. S. Lobdell, secretary of the Text Book Committee, to make orders during the summer months, is rapidly being filled by the State Printer. There is now on hand a supply of Speller, Books Two and Elementary Arithmetic. During the week, State Printer Friend W. Richardson says there will be a supply of Advanced Arithmetic and Second Readers for the public. These will be rapidly followed by other books. The printer is now on a month ahead of the bindery, and it is expected that by the end of the year to have books enough printed to keep the bindery going for three months. In this way all of the press facilities can be used for legislative work and still not limit the output of books.

The new English text books adopted by the State Board of Education in June are on the presses now and will be off in a few days, but it will be over a month before they can be bound and ready for the schools.

Secretary Lobdell of the Text Book Committee admits he was slack in his estimates, and is now giving the printer orders as fast as they can be printed. The members of the Text Book Committee have criticized Lobdell severely for his failure to give orders in time and hold him responsible for the shortage.

## EVOLUTION IN MISSION WORK

Activities to Be Modified to Meet New Conditions, Says Secretary.

PORTLAND, Me., Oct. 8. — During the last year about one-half of the mission work has been a state of evolution, war or revolution, resulting in some cases in such fundamental changes that all missionary activity will need to be modified materially to meet the new conditions.

Such was the declaration of Rev. James L. Barton, foreign secretary of the American Board of Commissioners for Foreign Missions, in presenting his "Survey of the Fields" at the opening of the annual meeting.

The total current expenses for the year were \$1,062,088, according to the report of Treasurer Wiggins. Receipts for the year were \$1,062,442. The administrative expenses of the board, including salaries, were \$188,000.

San Diego, Oct. 8. — Joseph R. Alvarez, manager of the bull ring at Tijuana, Lower California, and for many years a resident of the border town, has been denied admission to the United States by the board of inquiry of the Immigration bureau.

Alvarez was born at Anaheim, Cal., and for years has been engaged in the cattle and horse business. He is a well-known figure in the border town.

Pauline Agaloff, a Russian girl, age 16 years, is being held by the immigration officials because her sister, who accompanied her here from Europe, is believed to be a spy.

Dr. J. Hamilton Todd, a well-known physician with office in the city, was injured today when he was struck by a car on the street.

## Oaks Defeat Solons at Sacramento and There Is Increase in Percentage Column

### GUS HETLING GETS A HIT AND IT IS SOME CLOUT

With Score at a Tie Handsome Third-sacker Laces Out Three-Bagger That Wins for Leaders

SACRAMENTO, Oct. 9.—Gus Hetling, that sterling ball player of the Oaks, spilled the beans yesterday afternoon at one critical point of the game. It was like this: The score was in a knot and two men were on the paths. At this critical moment of which we speak Gus met one of the slants of the opposing pitcher on the nose and walloped it far enough away for those two men to romp to the rubber and for himself to reach third. In the summary it goes down as a three-bagger, and a real three-bagger it was.

Alberts and Malarkey hooked up as the rival pitchers, and there were a few innings when the game looked like a Pacific coast edition of a Wood-Torresan battle. But there were also a few innings when it didn't.

The second inning was one of the latter variety when a single to center by Delmas, a double to left by Cook and a single to left by Tiedemann followed one another in rapid succession and put two runs in the score's bank.

#### SENATORS DO WELL

But the Senators rescued themselves from the lethargy which pervades the basement atmosphere and in the fourth inning they took advantage of a momentary verbal spat between Malarkey and Mitze to pound out three hits for two runs. Malarkey had been crossing Mitze's signals with regular frequency and when he started out to repeat in the fourth, Mitze waxed wroth.

Shinn stepped in the breach with a single to right, stole second and went to third on Orr's infield out to Cook. Again Malarkey crossed his catcher, a passed ball was the result, and Lewis was over the plate with the Senator's first run. Helster followed with hit to center and before Malarkey recovered his composure, Kretz laced a two-bagger to center that took a bad bound through the lower extremities of one Delmas. Helster scored on the drive and the score was tied.

Not for long was the score tied, however. With one down in the fifth, Delmas drew a walk, Cook third on Coy's single and scored along with Coy when Helting "threw it into the high," and contributed his timely three-bagger. Oakland was two runs in front and added another to clinch it up in the seventh.

#### DELMAS HIT SAFELY

Delmas singled to left, but was forced at second by Cook. Cook stole second and continued to third on Kretz's high leg to Orr. Tiedemann drew a walk, and Cook scored when Tiedemann started a double steal and drew O'Rourke off between the bags long enough to allow his teammate to get over the rubber.

Alberts and Malarkey each contributed a bit of steady pitching when they fanned the men on bases in the sixth. Tiedemann and Mitze were safe on short singles to left. Malarkey fanned but Leard registered a single when there was nobody on the job to cover first, and all hands were safe with the bags full. Alberts tightened up and fanned Abbott and Coy.

#### MALARKEY FANNED THREE

Malarkey followed suit in the seventh. After fanning Alberts and Shinn, Malarkey twice fanned Van Buren and Delmas, and the Deacon took third when O'Rourke hit a high one to short center. Delmas failing to come in fast enough, take the fly, Malarkey quickly undid the damage by fanning Shinn, their third strike out of the inning.

Otherwise the game had little in the pure line. Both pitchers took their own sweet time about getting rid of the horseshoe, and the opposing batters played the waiting game until it grew monotonous. As a result the matinee dragged along until the threatening storm clouds threw a dusty haze over the field, and there were none to complain when umpire Casey called the game on account of darkness at the end of the eighth.

#### JIMMY CLABBY WINS

BUFFALO, N. Y., Oct. 9.—Jimmy Clabby of Milwaukee had it all over Knockout Brennan in their ten-round fight here last night. The bout went the limit, but had it gone much longer Clabby probably would have knocked Brennan out. He put him down for the count in the sixth round, when the bell saved Brennan.

#### Death of William F. Heilmuller

known all over the country as Honie, cast a shadow of gloom over ball players and fans alike yesterday and everywhere he heard an expression of deep regret at the passing of the popular player, for the passing of Heilmuller takes from the game a man who was in every way a credit to it. A gentleman at all times, he was one of the most popular players, not only with the baseball fans, but with managers, fellow players and umpires. He was big, powerful, athletic, industrious, conscientious and capable. He seldom found fault with a decision, and his conduct on the field was always quiet but none the less aggressive with the aggressiveness of the true sportsman.

Heilmuller was 38 years old and a native of San Francisco. He first came into prominence as an athlete as a football player at the University of California in the days of the old American game. He played football on the Varsity eleven of 1902, 1903 and 1904, particularly distinguishing himself in the game of 1903, when on the old field in the Richmond district, with the score of 5 to 0 against his side, he blocked a kick by the Stanford fullback and, following up, fell on the ball over the line for a touchdown. The goal was kicked and California tied the score. Heilmuller's great play turning the tide against defeat in almost the final moment.

He was big, powerful, athletic, industrious, conscientious and capable. He seldom found fault with a decision, and his conduct on the field was always quiet but none the less aggressive with the aggressiveness of the true sportsman.

Heilmuller was 38 years old and a native of San Francisco. He first came into prominence as an athlete as a football player at the University of California in the days of the old American game. He played football on the Varsity eleven of 1902, 1903 and 1904, particularly distinguishing himself in the game of 1903, when on the old field in the Richmond district, with the score of 5 to 0 against his side, he blocked a kick by the Stanford fullback and, following up, fell on the ball over the line for a touchdown. The goal was kicked and California tied the score. Heilmuller's great play turning the tide against defeat in almost the final moment.

It was at California that his baseball playing first attracted attention. He was known all over the country as Honie, cast a shadow of gloom over ball players and fans alike yesterday and everywhere he heard an expression of deep regret at the passing of the popular player, for the passing of Heilmuller takes from the game a man who was in every way a credit to it. A gentleman at all times, he was one of the most popular players, not only with the baseball fans, but with managers, fellow players and umpires. He was big, powerful, athletic, industrious, conscientious and capable. He seldom found fault with a decision, and his conduct on the field was always quiet but none the less aggressive with the aggressiveness of the true sportsman.

Frank Logan (left) and Charley Grande (right), who box at the Wheelman's pavilion this evening. Howard Morrow (bottom), will meet the winner next month.

### LOGAN AND GRANDE ARE READY FOR TONIGHT'S GO

Rival Middleweights Both Confident of Winning and Fans Should See a Great Mixup

Frank Logan of the army and Charley Grande of the navy, who will meet in the main event at the Oakland Wheelman's Club show this evening at Piedmont Pavilion, Twenty-fourth street and Vernon avenue, finished their training yesterday afternoon and both are fit and ready for the ten-round bout they are billed to perform in. Like in all boxing matches, both men are chuck full of confidence and with this condition of affairs prevailing the fans should see a mill that will well be worth the price.

As a certain raise in the price of the fight will be a good one and then again that intense rivalry that exists between Logan and Grande will cause both men to pull out all the stops and give the fans a real treat.

The Syracuse man is one of those rough and rugged fellows who likes to pull out all the stops and give the fans a real treat. He is a real fighter and he is a real fighter.

Slating up the two men, Logan and Grande, either of them should make it decidedly a real treat for Morrow.

That is one reason why the fight tonight will be a good one and then again that intense rivalry that exists between Logan and Grande will cause both men to pull out all the stops and give the fans a real treat.

PRELIMINARIES ARE FAST. Coupled with this crackjack main event Mulskauskas has signed four fast preliminaries.

As a certain raise in the price of the fight will be a good one and then again that intense rivalry that exists between Logan and Grande will cause both men to pull out all the stops and give the fans a real treat.

Following this bout will come a six round special event between Jeff Perry, a former sparring partner of Bob Nelson, and who holds a record of a six round draw, and Young Ketchell. There is a keen rivalry between these two youngsters and a good scrap is on the cards.

As a semi-final to the show Logan and Grande will be a real treat for Morrow.

It was "show me" day at Joe Milliet's training camp yesterday afternoon and big Luther McCarthy, who meets Al Kaufman next Saturday afternoon at Coltrath's Eighth street arena, held the center of the stage.

Jim Griffin, who is promoting the big event was the host of the newspapermen and they were all on hand to look the big follow over and to the writer he looks pretty good.

McCarthy is a big good natured fellow who seldom talks about himself or what he can do, but he is sincere in his belief that he will be able to win the match with the California blacksmith.

While Monday was a slow day in the camp the Miscellaneous made up for it yesterday and his boxing was of the slam bang style that caused the fans to sit up and take notice.

There is little style to McCarthy. He takes an unswerving pose in front of his opponent and begins to slowly edge toward the man he is fighting with the idea of getting out. Then he lunges forward with right and left blows to the jaw and body, cutting loose with a vicious looking upper cut.

Whether he can play these same tactics on Kaufman remains to be seen. On the way he has been to the training camp and he has been to the training camp and he has been to the training camp.

They believe that Kaufman's knowledge and experience will be a handicap which the Nebraska man will have to overcome, while on the other hand McCarthy is young and strong and full of confidence. KAUFMAN MIGHT OUTBOX RIVAL.

Kaufman is expected to outbox McCarthy in the early rounds and to land one of his old time haymakers and thus end the battle. They figure that Kaufman's knowledge and experience are best in the early part of the contest.

Both fighters are beginning to show the effects of their training and seem to be pleased with their condition at this stage.

There will be no chance for Kaufman to offer the excuse of not being in condition, as he is working hard to get into shape. His manager, Al White, is right on the job to see that nothing is being overlooked from a training standpoint.

Kaufman realizes that his future in the ring depends entirely upon the outcome of his battle with McCarthy. He knows that he has a grand chance of breaking into the limelight again if he can land a knockout on McCarthy and do his best to take advantage of that chance.

There is a great likelihood that the winner of McCarthy's afternoon's battle will get a match with Jim Flynn.

Flynn is declared temporarily in New York. The sport is meeting with some opposition in the metropolis, and the men who have their future at heart do not care to put on a slugging fight of the Flynn type at this time. Flynn probably would accept a match out here if it were offered him.

### Oakland Wheelmen to Stage Five Bouts Tonight

The Oakland Wheelmen will stage five boxing contests at their clubrooms this evening. The following will give the fans some facts about the show:

Place—Twenty-fourth street and Vernon avenue. Time—First bout at 8:30 p. m. Referee—Toby Irwin.

Contestants—Four rounds, Berthson vs. Ford; four rounds, West vs. Morgan; six rounds, Perry vs. Ketchell; six rounds, Vierra vs. Rome; ten rounds, Frank Logan vs. Charley Grande; weight, 160 pounds at 3 o'clock on afternoon of contest.

has matched Manuel Vierra of East Oakland and Frank Rome, the fighting teamster.

There is much bitterness between these two and when Rome was offered the match he accepted only on the condition that the winner get all of the purse. This suited Vierra and this means another good scrap.

Toby Irwin, who is well versed in the game of refereeing, will be the third man in the ring in all contests, the first of which will begin at 8:30 p. m. sharp.

### JOHN DALY TO SHOW OAKLAND FANS HE IS CUE ARTIST

John Daly, five times world's champion cushion billiard player, and George Gleason will play an exhibition match in the Oakland billiard parlors. Daly is probably the best known billiard player in the world, he has not lost a game in every clime, and has won and lost the championship of the world.

Gleason, who is a native of the East, is a close personal friend of Daly's, and has met him several times. That he will make a strong partner for Daly there is no question.

On Friday night Daly is to meet Joe Donahue, another of Chicago's star players, and considered by the majority to be the strongest local performer. Donahue plays with a skill and has made himself popular with followers of the cue.
